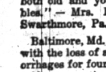
SAVED FROM OPERATIONS

Two Women Tell How They Escaped the Surgeon's Knife by Taking Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles." — Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work." — Mrs. J. R. PICKING, 1260 Sargent St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?



PARKER'S HAIR BALSAM

A toilet preparation of merit. Helps to eradicate dandruff. For Restoring Color and Beauty to Gray or Faded Hair. 50c. and $1.00 at Druggists.

BEECHAM'S PILLS

The Largest Sale of Any Medicine in the World Sold everywhere. In boxes, 10c., 25c.

REALLY CLEVER OF JOHNNY

Unfortunate Mr. Smith Had to Join in the Laugh That Followed Diagnosis of Small Boy.

Reference being made at a banquet some time since to the wonderful sayings of the youngsters, Gov. Ben W Hooper of Tennessee was reminded of the innocent remark of a little Nashville boy.

One afternoon, the governor said, the little boy returned from school complaining that he had a stomach ache. His mother explained that the ache was due to the fact that his stomach was empty, and that he would feel better if he had something in it.

Two evenings later a young man called to see little Johnny's sweet sister. Sitting in the parlor, waiting for the family to retire, the young man remarked that he had a head ache.

"I know what's the matter with it, Mr. Smith!" exclaimed Johnny, with great promptness.

"Do you really, Johnny?" indulgently smiled Mr. Smith.

"Yes," was the starting explanation of Johnny. "It's empty. You'd feel better if you had something in it."

There are only two kinds of women I am afraid of— the married one and the single ones.

The girl who fully intends to marry her ideal usually compromises.

FOUND A WAY
To Be Clear of Coffee Troubles.

"Husband and myself both had the coffee habit, and finally his stomach and kidneys got in such a bad condition that he was compelled to give up a good position that he had held for years. He was too sick to work. His skin was yellow, and there didn't seem to be an organ in his body that was not affected.

"I told him I felt sure his sickness was due to coffee and after some discussion he decided to give it up.

"It was a struggle, because of the powerful habit. One day we heard about Postum and concluded to try it and then it was easy to leave off coffee.

"His fearful headaches grew less frequent, his complexion began to clear, kidneys grew better until at last he was a new man altogether, as a result of leaving off coffee and taking up Postum. Then I began to drink it too.

"Although I was never as bad off as my husband, I was always very nervous and never at any time very strong, only weighing 95 lbs. before I began to use Postum. Now I weigh 118 lbs. and can do as much work as anyone my size, I think."

Name given by Postum Co., Battle Creek, Mich. Write for booklet, "The Road to Wellville."

Postum comes in two forms.

Regular Postum (must be boiled.)

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in an ordinary cup of hot water, which makes it right for most persons.

A big cup requires more and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

"There's a Reason" for Postum.

CORPORATIONS BREAK RECORDS

EARNINGS FOR 1912 EXCEED PREVIOUS YEARS BY FOUR HUNDRED MILLION

TAX WILL YIELD GOVERNMENT $36,000,000

Business Conditions of Country Were Better Than any Previous Recorded in Spite of Increase in Wages

Corporations of the United States earned $3,304,000,000 above all expenses during the calendar year of 1912, exceeding all previous records since the enactment of the corporation tax law by $400,000,000. This banner showing was divulged by the compilation of assessments made by William H. Osborn, of the internal revenue bureau, under the corporation tax law.

The increased prosperity of the corporations is expected to yield the federal government more than $36,000,000 including $3,000,000 of omitted taxes of previous years. This represents the greatest amount of corporation taxes ever assessed by the treasury, exceeding the returns of the previous year by $7,000,000. Most of the assessments have been paid, but some of them will be the subject of litigation.

L. F. Speer, chief of the corporation tax division of the treasury, said the corporations' earnings indicated that business conditions of 1912 were better than any previous recorded year. The great net growth of $400,000,000 was made, he added, despite increases in corporate indebtedness and in wage scales.

President Pardons Two Bankers

President Wilson granted unconditional pardon to William F. Kettenbach and George H. Kester, each sentenced to five years' imprisonment for making false reports to the comptroller of the currency on the condition of the Lewiston, Idaho, National bank, of which they were president and cashier respectively.

They were convicted April 4, 1911, but have not served any of their sentence.

Kettenbach and Kester, sentenced to five years on each of two counts, the sentences to run consecutively, represented to the president they had made good all overdrafts and losses amounting to $76,000. They claimed embezzlements of others had caused the losses.

Girl Killed in Auto Crash

Joy riding cost one girl's life and resulted in the injury of four other persons, one of whom is in a critical condition. All were residents of Elgin, Ill.

Miss Ruby Wood, 18, was killed and Mrs. Nellie O'Connor, 28, and Robert Costello, Earl Martin and Lillian Volp, all aged 20, were hurt.

The party was returning to Elgin from an automobile speed way when the machine crashed into a tree.

Four Killed in Ohio.

Four persons were killed and a score of others hurt when Baltimore & Ohio passenger train No. 15, the Wheeling-Chicago express, westbound, crashed into a Cambridge & Byerville interurban street car at a crossing in East Cambridge, Ohio. The street car was demolished. The dead are: Fred Rainey, 26, and Dola Fairchild, 32, Cambridge, O.; Edward McNeely, of Columbus, O., and William Carter, of Indianapolis, Ind., who died at the city hospital two hours after the accident.

Mr. Bryan Needs the Money.

William Jennings Bryan, secretary of state, who delivered a lecture at Hendersonville, N. C., declared that he was forced to lecture that he might live decently, the salary paid by the United States government not being sufficient for his needs. Thousands of persons were present when the secretary made his statement. He also declared that there never would be another democratic convention, and that candidates in the future would be chosen by preferential primaries.

Eight Drowned Near Boston.

Grafton Morgan, first officer of the White Star Line steamship Cymric, and Capt. Arthur G. Ayres, superintendent of the Sailors' home at Charlestown, together with six men employed as freight handlers by the Boston & Maine railroad, were drowned in the outer harbor when the sloop Alberta capsized. Six other men of the party on the Albert were rescued.

Thomas Jackson, 14 years old, of Chicago, was instantly killed by being struck by a Pere Marquette locomotive west of Merrill. He arrived here last Thursday to spend his vacation.

A. J. Hood & Co., of Detroit, have purchased the Ithaca paving bonds. The city recently voted an $18,000 issue.

Dr. Wilbert B. Hinsdale, dean of homeopathic department in university, and retiring national president of American Institute of Homeopathy, has been elected a member of the board of trustees of the institute at its sixty-ninth annual convention, now being held in Denver. Dr. Claude A. Burnett, also faculty member here, has been elected secretary of the college alliance of the institute.

Henry Deford, 25, son of Ambrose Deford of Clayton, was drowned near Frederic while bathing in a lake.

Pyderwski, the world's most famous pianist, will open the pre-festival series of musical concerts in Ann Arbor October 22, according to the announcement given out by the University School of Music. December 9, the Philadelphia orchestra will be the attraction. The fourth concert will be by the Choral Tewksbury and Marion Green. Carl Flesch, one of the greatest American violinists, will give the last concert.

William Keipper, aged 19, of Central Lake, accidentally shot and killed himself while going to work. The shotgun he was carrying caught in a fence and discharged, blowing off his head. His brother was with him at the time of the accident.

The Owosso truck plant of the General Motors will be moved to Pontiac at once. The factory at one time employed 250 men. The building was donated by the city. The company says that it will replace the local plant with an auto parts factory.

THE MARKETS.

SEEN AND HEARD IN MICHIGAN

Pontiac. — Probate Judge K. P. Rockwell and Superintendent E. A. Christian of the Pontiac State hospital will be speakers at the seventeenth annual meeting of the probate judges of Michigan at Grand Rapids July 22 to 24. Doctor Christian will speak on suggestions for "After Care of Patients Released From Asylums." Inspectors of the state auditor's department at work here announced that Oakland county stands third in the amount of business transacted by its probate court, Wayne being first and Kent county second. The inheritance tax from the Julian Williams estate was the largest received and totaled $2,530.

Cadillac — Thieves broke into the ginseng bed of the Eggly farm, two and one-half miles south of here, making away with about $750 worth of the roots. Bloodhounds were sent out from Coopersville to trace them, but lost their scent, owing to the badly trampled condition of the ground, caused by the people who came to look at the beds after the theft. A reward of $100 has been offered for the thieves.

Lansing — "The Evolution of the Fly" will be one of the features of the Michigan "health special" which will leave Lansing August 4 for a tour of 50 cities. Plaster of paris flies operated by an electrical device will show their methods of spreading disease. Although the train will not visit the upper peninsula, Secretary Dixon of the state board of health has received many requests that the exhibit be sent north of the straits.

Muskegon.—Cecil Heaps' new motor yacht, the Elleen, was the scene of a wedding when Miss Jennie E. Halverson of Chicago became the bride of Richard Ward Hillman of New York. The service was performed by Justice Benjamin J. Oosterbaan. Mr. Hillman and his bride and other friends will cruise down Lake Michigan to Chicago, making stops at South Haven, Benton Harbor and Michigan City.

Jackson.—Frank Bernard and Leo Mitchell, who are being held for a post office robbery at Sterling, are believed to be the men who blew the safe at Murray Brothers' grocery store in this city a few weeks ago, say the police. The federal authorities will be asked to turn the prisoners over to the local officers after the cases against them in the federal courts are disposed of.

Ann Arbor. — Declaring to attending physicians that if his life was saved this time he would again seek death, Henry L. Crosby, forty-seven years old, of Ypsilanti, who swallowed a half ounce of strychnine during despondency over domestic difficulties, promised more trouble. After taking the poison he told a fellow workman that he would soon die.

Ann Arbor.—The "undertakers," the students enrolled in the first course in embalming and sanitary science in the university, have elected the following class officers: President, Chester Gilbert, Woonsocket, R. I.; secretary, George Ferguson, Scottville, Pa.; treasurer, Chester Arms, Milford.

Ann Arbor.—Mrs. F. H. Sooy is in the university hospital in a serious condition as the result of an auto accident between Ann Arbor and Ypsilanti, when her car turned turtle down a ditch, smashing the car, bruising Mrs. Sooy's daughter and breaking Mrs. Sooy's collarbone and two ribs.

Benton Harbor.—In the presence of many passengers, a middle-aged Chicago woman dove to her death from the upper deck of the steamer City of Benton Harbor when the boat was less than an hour out of Chicago. Although the cry of "Man overboard" was instantly sounded and a boat's crew lowered away, not a sign of the woman was seen after she had struck the water. A clipping found in her purse on the deck gave the notice of the death of the three-year-old child of Anna Bradley Haines and William E. Haines. From this the boat's officers supposed the woman was the mother of the child and that grief over its death caused her to jump overboard.

Muskegon.—Seized with cramps while diving off a raft at the Y. M. C. A. camp dock on Duck lake, William E. Sharpe, Jr., fourteen years old, of Chicago, was drowned. His companions brought his body to the surface in a few moments, but could not revive him.

Menominee. — Edwin Goodfellow, seventeen years old, a graduate of this year's high school class, was crushed to death beneath a moving freight elevator.

Kalamazoo.—Thirteen freight cars were overturned one-half mile east of Scott's and 15 miles southwest of here, on the Grand Trunk, when an air pipe exploded, strewing freight and splinters on both tracks for three city blocks. Two passenger trains were routed over the Grand Rapids & Indiana.

Lansing.—During the last year the attorney general's department has forced the collection of delinquent taxes to the amount of $131,844.90.

Ann Arbor.—Robert, the eight-year-old son of Mr. and Mrs. Elmer Jameson, of Webster, was instantly killed when driving a team of horses hitched to a hay wagon. The load slipped off and the boy was thrown and his neck broken.

Cadillac.—Mrs. Charles Goodwin of this city is prostrated over the reported mysterious disappearance from Grand Rapids of her son, Herbert, nineteen years old, a telegraph operator, who has not been seen since last week.

Children Cry For Fletcher's CASTORIA

900 DROPS CASTORIA

ALCOHOL 3 PER CENT.
A Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of

GENUINE CASTORIA ALWAYS
Bears the Signature of

Chas. H. Fletcher.

In Use For Over 30 Years

The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

Royalties That Dislike the Motor.

The car is, among European monarchs, the one who makes the least use of the motor car. His imperial majesty, in former days, registered a vow that he would never enter such a conveyance, and although necessity occasionally compels him to break it, his dislike for motors is unabated. When King Edward first took a car with him to Denmark on joining the big family party at Fredensborg one year, neither the czar nor his grandfather, King Christian IX., could be persuaded to set foot in it.

HOW COCA COLA REFRESHES.

The remarkable success which has attended the sale of Coca-Cola has been explained in many different ways. Some have attributed it to "good advertising," others to "efficient management," others, to its "delicious flavor" and still others to the fact that it was the first in the field of "trade-marked" soft drinks.

In this connection, the opinion of a manufacturing chemist who has analyzed Coca-Cola and studied its history for many years, will prove interesting. He attributes the popularity of the drink in large part to its quality of refreshing both mind and body without producing any subsequent depression. He points out the fact that the chemical composition of Coca-Cola is practically identical with that of coffee and tea (with sugar added) the only material difference being the absence of tannic acid from Coca-Cola. He points to the laboratory experiments of Dr. Hollingworth of Columbia University and of Dr. H. C. Wood, Jr. of Philadelphia which prove conclusively that the caffeine-containing beverages (coffee, tea, Coca-Cola, etc.) relieve mental and muscular fatigue by rendering the nerves and muscles more responsive to the will, thus diminishing the resistance produced by fatigue. These experiments also demonstrate the fact that the caffeine group of beverages differ from the stimulants in that the use of the latter is followed by a period of depression which calls for more stimulation, thus resulting in the formation of a "habit."—Adv.

Life is a masquerade. Otherwise people would fall in love at first sight.

A conceited man is one who wants to talk about himself when you want to talk about yourself.

Most men who live in a city have a hard time proving to their country acquaintances that they are strictly honest.

Equivocal.

"Isn't this adverse criticism hard on my ripe art?"

"It's rotten!"

GOOD SAMPLE OF RURAL WIT

Joke That Had Excellent Humor Without a Single Touch or Thought of Malice.

If there is a difference between rural wit and any other kind, it is this —that rural wit is mellower in flavor. In this it resembles English wit; the rough corners have been rounded off by the attrition of years and more nearly perfect jokes result.

Ira Beasore drove into town just before the big rain the other day, and he saw Orlo Tuttet letting tubs and barrels under all the spouts around his house. So Ira pulls up and hollers at Orlo:

"Hey, Orlo! What ye doin' ?"

"Looks like rain, an' I'm a-settin' out these tubs so's the woman can have some soft water for her washin' Monday," answered Orlo, all innocent like and not thinkin' about what a great codder Ira is.

"Sho!" says Ira. "You won't git no soft water."

"Why won't I?"

"Cause it's going to rain hard! Haw-haw-haw! Git-up!"

Gastronomically Speaking.

Willie—My father put down a disturbance last night.

Billie—Is that right?

Willie—Yes; he ate a Welsh rabbit.

Revenge.

"Do you object to children in this flat?"

"Not at all. We merely bar phonographs and lap dogs."—Detroit Free Press.

The fellow who is looking for a peck of trouble never had cause to complain of short measure.

A small boy who doesn't get into a scrap once in a while has made a mistake in not being born a girl.

The man who praises himself is never popular, especially with the people who think he might better be praising them.

The pen is mightier than the sword when it comes to getting a fool man into real trouble.

Smile and the world smiles with you, unless you are in a prohibition district.

On the laugh-and-grow-fat principle, he laughs best who laughs least.

A successful politician is usually machine made.

Horrible Death in Elevator Shaft.

Powerless to move, a man named Fulmer, employed at an abbattoir, lay at the bottom of an elevator shaft at Philadelphia, Pa., the other day, and waited the descending lift, which crushed him to death. The man had fallen into the shaft, and his cries for aid were drowned by the noise of the machinery. The man fought desperately against the freight laden elevator. His body was flattened almost to the thinness of paper.

Not Always.

"There's always room at the top," said the Sphinx.

"Take a look at us and guess again," replied the Pyramids.

Few theatrical stars are brilliant enough to dispense with the spotlight.

A plausible person isn't always the one who gets applause.

—Thanks to Parowax

Preserve all the fresh fruits and vegetables you like — now, while they are plentiful and cheap. Seal them with Parowax and they are bound to keep. Parowax will never fail you.

Think what you will save when winter comes! Think how much better "table" you can set—how your family will devour your own home-canned vegetables, preserves and jellies.

Parowax

is used as indicated in sealing jars, bottles and glasses. It's about the easiest, simplest work one can imagine. But so sealed, vegetables and fruits will keep *fresh indefinitely*.

The Parowax way is very inexpensive. Two of the four handy layers contained in the 16-oz. carton will seal several gallons of fruit. And what's left over will be found invaluable in the laundry. Parowax shavings in the wash boiler clean and whiten clothes, without the rubbing. A little Parowax in the starch imparts a beautiful finish in the ironing.
