The annual open air meeting of the Women's Christian Temperance Union will be held Friday afternoon, Aug. 22, in the grove of the Masonic Temple. This is an ideal spot for an open air meeting and a large attendance is desired. An interesting feature of the program this year will be a demonstration by the children of the L. T. L. It is also expected that Mrs. Law who is a speaker and entertainer will be present. Keep this date in mind and plan to attend this meeting on the afternoon of Aug. 22 ao 2 o'lock.

Here's a new kind of graft being worked in certain localities. Man and boy board train or car, sitting in separate seats, conductor comes along to collect fares, boy starts to whimper, says he has no money and puts up a suitable tale of woe loud enough for other passengers to hear. Man jumps up, takes off his hat, throws in a plunk for a starter and passes it around; result, several more plunks, which is given to the boy, but later on goes to the man.

Mrs. William Hegelsoth entertained twenty members of the evangelical Ladies' Aid at her home which was very prettily decorated with cut flowers and ferns. After a short business meeting refreshments were served. Next meeting will be held at Mrs. Spangleburg's home in Birmingham Thursday Sept. 4.

When you see a youth who will do any kind of work no matter how menial it may be, rather than be idle you may make up your mind that he will amount to something. The young man who would starve before he would do anything below what he conceives to be his dignity, is not made of the right kind of stuff to cut much figure in this world. All honest toil is honorable. There is nothing so morally degrading as that aversion of manual labor, which is usually a combination of laziness and conceit.

Just to satisfy himself the proprietor of the great moral engine visited the dancing pavilion last Saturday evening and from the talk he had heard expected to see danced the Grizzly Bear, the Bummo Hug, Turkey Trot and Tango in all its demoralizing styles. Say! He saw nothing distressing at all. The dance was as good and correct as he ever saw and in nearing 60 years he has enjoyed many. This one was as good as any. He saw no drinking, no unsanely acts, but a jolly laughing happy crowd of young folks enjoying youth as they should.

A great deal of money has been expended and Larkmoor is by far the prettiest signs to be seen along the D. U. R. in the way of sub-divisions. Fine cement sidewalks to every part. Three re-inforced concrete bridges cross the Larkmoor Brook and money has been lavished to make it attractive and the lots saleable, and after the most critical and scrutinizing gaze we can find only one fault with this costly sub-division and that is this:—Try as hard as ever we can positively say, we cannot from a passing car read the street names. Mr. Larkmoor—Put the sign boards across the streets on the other side, or swing them out some. The angle now is so acute they are not readable.

No doubt but many of our residents who have beautiful homes near Woodward avenue and Washington street where the D. U. R. makes its turn to Royal Oak have witnessed many narrow escapes from instant death. One of our readers called at the Tribune office requesting the editor to draw the attention of local and D. U. R. officials of the dangerous place where there is no light to indicate cars crossing Woodward avenue. Many drivers have had narrow escapes when approaching the crossing because in the darkness there is no danger signal which would give warning to auto drivers or teamsters of the approaching D. U. R. cars which make the sudden turn to and from Royal Oak. Only a week or so ago an auto was traveling at the rate of about 15 miles an hour when suddenly one of the thru cars turned to cross Woodward avenue for Royal Oak. Neither motorman nor chaffeur knew their danger until the auto was nearly hit and owing to the prompt action of the driver turning into the ditch, they would have been run down by the thru car. An investigation should be made and a danger signal of some kind put up at the crossing to prevent some terrible accident. A word to the wise.

OBITUARY.

MRS. CATHERINE BEARDSLEE DEWEY.

Catoerine Beardslee, daughter of George and Martha Beardslee, was born in Southfield July 26, 1839. Here her early life was spent until in young womanhood she went to Detroit. There she was converted and became a member of the old Congress St. Methodist Church in the pastorate of Rev. Sanborn.

In Detroit also she became acquainted with her husband, James Dewey, to whom she was united in marriage October 7, 1863. To them was born a son, Harry S. Dewey, now in Toledo, Ohio, and whose kindly attention and filial regards have been of much comfort to his mother as age increased.

October 8, 1904 Mr. Dewey died and the past nine years sister Dewey has shared the comforts of a sister's home, that of Miss Charlotte Beardslee in Birmingham. Careful in her relationship, she was a boarder through this period, glad of the honest independence it maintained for all concerned.

Another sister, Mrs. Gunning of Detroit, and one brother, Ira still living on the old Southfield farm, survive from a family of eight children, all of whom lived to mature years.

Most of the years of their united lives Mrs. Dewey and her husband lived in Detroit, where she continued a member of Cass avenue Methodist Church, after the passing of the one she earlier joined. She had never removed her church relations after leaving Detroit, her enfeebled condition debarring her from regular attendance upon public service. So full of days, she has died in the faith of Christ, leaving the savour of a long and goodly life with those who knew her.

AN ORDINANCE GRANTING TO THE PONTIAC LIGHT COMPANY, A CORPORATION ORGANIZED AND EXISTING UNDER THE LAWS OF THE STATE OF MICHIGAN, ITS SUCCESSORS AND ASSIGNS, THE RIGHT, POWER AND AUTHORITY TO ACQUIRE, CONSTRUCT, MAINTAIN AND USE GAS MAINS, PIPES AND SERVICES ON, ALONG, ACROSS AND UNDER THE STREETS, ALLEYS, HIGHWAYS AND OTHER PUBLIC PLACES IN AND THROUGH THE VILLAGE OF BIRMINGHAM, OAKLAND COUNTY, MICHIGAN, FOR A PERIOD OF THIRTY YEARS.

The Village of Birmingham Ordains:

Section 1. That whenever the word Grantee appears in this ordinance it is hereby intended to designate and shall be held to mean the Pontiac Light Company, its successors and assigns.

Section 2. The right, power and authority is hereby granted to and vested in Pontiac Light Company, its successors and assigns, to acquire, construct, maintain and commercially use gas mains, pipes and services on, along, across and under the avenues, streets, alleys, highways and other public places in and through the Village of Birmingham, Oakland County, Michigan.

Section 3. The Grantee may construct, maintain, operate and commercially use gas mains, pipes, and services for conveying gas or through and distributing and selling gas in said village. Before any street, alley or public place is disturbed said Grantee shall notify the Mayor or such other official of the village as the Mayor and Common Council shall require to be informed, in order that the Village may see that all safeguards necessary for the protection of the public are provided by Grantee. The Grantee's gas system mains, pipes, and services shall be modern, and when constructed shall be maintained and operated continuously in accordance with modern methods.

Section 4. No avenue, street, alley, highway or public place used by said Grantee shall be obstructed unless necessary during the work of construction or repairs, and shall be returned to the same order and condition as when said work was commenced. No part of said streets, alleys or public places shall be permitted to remain in a dangerous or unsafe condition by reason of anything done or omitted to be done by the Grantee, and it shall be liable for such damages as may be suffered by any corporation, company or person by reason of its negligence in the use of the avenues, streets, alleys, highways or other public places.

Section 5. The Grantee in the construction, maintenance and operation of its gas system, mains, pipes and services, except as herein otherwise provided, shall be subject to any reasonable regulations relating to the construction, laying and maintenance thereof as the Mayor and Common Council of the Village of Birmingham may from time to time prescribe by ordinance.

Section 6. On or before April 1, 1916, Grantee shall file with the Village Clerk, for the use of the village, a map on which shall be indicated the location of all of its mains, pipes and service within the corporate limits of the Village, and annually thereafter during the period of this ordinance is in force and the Grantee shall file as supplemental map showing all additions made during the preceding calendar year.

Section 7. The Grantee shall be entitled to charge the inhabitants of said Village for gas at such reasonable rates as a schedule of which shall be kept on file in the office of the Village Clerk. Such rate may be changed but shall not exceed one dollar and thirty cents ($1.30) per thousand cubic feet of gas as measured by the meter, with a discount of ten cents per thousand cubic feet on all bills paid at the office of said company on or before the fifteenth day of the month following that for which the bill was rendered, making the price of gas to the consumers, after deducting said discount, one dollar and twenty cents ($1.20) per thousand cubic feet.

(a) That said last-named rate shall continue until the aggregate amount of gas sold by the Pontiac Light Company, its successors or assigns, to consumers within the said Village of Bloomfield shall equal fifty million cubic feet in any twelve consecutive months, and when the amount of gas sold shall amount to fifty million cubic feet in any twelve consecutive months, then and from thenceforth the price of gas to the consumers within the said Village of Bloomfield shall be one dollar and twenty-five cents ($1.25) per thousand cubic feet, to be paid monthly, with a discount of ten cents per thousand cubic feet on all bills paid at the office of said company in the Village of Birmingham on or before the fifteenth day of the month following that for which the bill was rendered, making the price of gas to the consumers, after deducting said discount, one dollar and ten cents ($1.10) per thousand cubic feet.

(b) That said rate shall continue until the aggregate amount of gas sold by the Pontiac Light Company, its successors or assigns, to consumers within the said Village of Bloomfield shall equal one hundred million cubic feet in any twelve consecutive months, and when the amount of gas sold shall amount to one hundred million cubic feet, and thereafter from and from thenceforth the rate shall be one dollar and ten cents ($1.10) per thousand cubic feet, to be paid monthly, with a discount of ten cents per thousand cubic feet on all bills paid at the office of said company in the Village of Birmingham on or before the fifteenth day of the month following that for which the bill was rendered, making the price of gas to the consumers, after deducting said discount, one dollar ($1.00) per thousand cubic feet.

The Grantee shall have the right to make a reasonable monthly minimum bill of fifty cents for each gas meter installed.

The Grantee shall have the right, from time to time, and within the limit of rates herein mentioned, to fix, readjust and regulate its prices for all services to consumers, provided the price shall be the same to all for like service, at like times and under like conditions of use.

Section 8. In consideration of the rights, powers and privileges herein granted, all of which, by the acceptance hereof by the Grantee in the manner hereinafter provided shall be vested in the Grantee for the full period of thirty (30) years from the date of the approval of this ordinance by the electors of the Village of Birmingham at a general or special election, the Grantee shall faithfully perform all things required to be performed by the terms hereof.

Section 9. It is expressly understood that the acceptance hereof by the Grantee shall obligate it to construct a system of gas mains, pipes and services in said village within five years from the approval hereof, and to supply gas to all inhabitants of the village upon their premises situate on either side of any avenue, street, alley, highway or public place within that part of said village where its mains, pipes and services are constructed, and to extend such mains, pipes and services in the reasonable direction of the Village Council, provided it shall not be required to make extensions unless assured at least one customer for every hundred feet of such extension.

Section 10. The franchise hereby granted is not exclusive.

Section 11. The franchise granted by this ordinance is not subject to revocation, and shall be and become valid and binding only upon its approval by the affirmative vote of three-fifths of the electors of this village voting thereon at a regular or special municipal election to be held in the manner provided by law, and upon such proposition women taxpayers having the qualification of male electors shall be entitled to vote.

This ordinance shall be submitted to the electors within sixty days after the adoption hereof by the Village Council and within thirty days from the adoption hereof shall file with the Village Clerk its written acceptance hereof subject only to such approval.

Ingenious Defense Won.

"The deficiency," said the defendant, solicitor of a farmer accused of supplying adulterated milk, "was due to the hand of Heaven in allowing the cows to feed on wet grass the night before, and permitting the rain to fall heavily while Bill (the farmer) was taking his churn with a long dry stick to empty the dairy lines." The magistrates dismissed the summons.
