as the Ostoorn administration map picked C. A. (Phas) Palmer for the Job.

Then it became known that the of-fice paid about #5,000 per year in fees addition to the regular salary of \$3,-000 per year and the legislature of 1911 promptly out off the fees and in-creased the salary of the commission-er to \$4,500. However, Palmer re-ceived some of the fees before the new law took efect, but he was the last one to benefit in this regard.

Insurance Commissioner Winship says that the salary should be at least \$5,000 per year, but he would not favor a return to the fee system as be says that all fees should go di-rect to the state.
