THE MEMORY OF A CHILD.

How manyof us ever stop to conside that a child forms lasting impressions from little things of life, and its as sociations with its elders?

sociations with its elders? ;
How many of us pause to reflect that the infuntile brin is constantly reaching out for that knowledge which is to make or mar its future?
What are 'we doing to encourage right thinking in the minds of the lit the ones in our midst, who is time will to ones in our midst. Who is time will

right thinking in the minds of the lit the ones in our midst, who in time will shape the destiny of our community? How many of us, absorbed in weight let things, are even prone to ignore the presence of the manly little fellow who gives us a cheery greeting on the street, and whose sunny countenanceis at once alought by our securious is dis-

who gives us a cheery greeting, with retail and the same country and the same country indifference and the same country indifference and neglect a impressed upon the minds of the young. Incidents are burned so indelibly into their memory that often time itself each never effact them.

bourned so indelibly into their memory that often time itself ean never efface them.

One such comes to mind. It was of a small boy who went to a nearby stream on his first fishing trip—the epoch of his life.

After hours of vaig waiting for a nibble he finally hooked a large sucker, and by dist of much worrying and sweating and tugring, succeeded in getting it on dry land, but just as success crowned his efforts and his little heart was beating high with the jay of exhibiting his exte to his mother, and he had not be suffice. He hooked at the sucker, remarked that the two would had not his surface. He hooked at the sucker, remarked that the two would make a fish meat, and asked which on makes a fish meat, and asked which on his surface. He hooked at the shift,

shour, and child, and the handed over his-field-and went home in tears. And that one act of selfahness on the part of a man has remained green in the memory of that boy for

Good Blood Means Good Health

Good Blood Means Good Health

A clear healthy skin, full of life and color, reflecting perfect health and energy, has long been known to be a
feet health and energy, has long been known to be a
feet health and energy, has long been known to be a
feet health and energy, has long been known to be a
feet health.

If you have not the fortunate possessor of all the above—if
you have not the fortunate possessor of all the above—if
you have not health energy description, it is suffering from skin eruntions of ray description, life health have blood as weak.

Pure blood, rich red in color and circulating freely, is the
essential supply proper nourishment and the
essential supply proper nourishment and the
body tissues become diseased.

This condition is ever ready to manifest itself and should
be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the
one best treatment. It gets at the root of the trouble,
cleanses the blood of impurities, increases the circulation, produces blood, that is rich in nourishment—
blood that will build up broken-down tissues.

It will not be long before you notice a secided improvemeht—you will feel the blood coursing through your
veins, your appetite increased, the food will be absorbed in the proper manner and the skin will become
clear and healthy.

You will never regret having used Nyal's Hot Springs
Blood Remedy—it will put you on your feet

We expect to be heave in business a good many years. The only
way we can do it is by treating verybody right. That's our policy.
