STATE TAX COMMISSION HAS COMPLETED PUBLIC SERVICE ASSESSMENTS.

SOME RAILROAD VALUATIONS ARE REDUCED.

Dr. Helm Talks on Causes of Infant Mortality and Blames Mothers in Many Cases for Sickness.

(By Gurd M. Hayes.)

Lansing, Mich.—Public service corporations assessed on an ad valorem basis will pay \$5,244,028.57 in state taxes this year and all of this money, under the provisions of the constitution, will be turned into the primary school fund. The state tax commission has completed the final 1928-29 assessment and the figures show that the various companies must pay \$274,282.99 more in state taxes than they paid one year ago.

Since the tentative assessment was announced January 15, the state tax commission has been sitting at a board of review. The companies have had the right of appeal from the tentative figures. Some of the companies failed to send representatives to Lansing, but the commission, satisfied with the initial work of the commission.

However, practically all of the railroad companies appealed from the tentative assessment. The commission succeeded in inducing the tax commission to pare off a few thousand dollars from the assessment. This year the companies will pay taxes at the rate of 2.176 per \$1000 assessed valuation.

The total valuation of all railroad property in the state is placed at \$214,306,500. The tentative assessment made last month placed a valuation of \$218,021,800 on the property, but apparently the companies and the corporation lawyers have some effect as the final assessment was reduced \$3,715,000 over the first figures. The Pulman company's tentative assessment was \$650,000, but the representatives of the company succeeded in convincing the commission that it was not warranted and \$25,000 was a reduction of \$25,000 was made.

The express companies succeeded in securing a reduction of \$109,000 over the tentative assessment, the car leasing companies were reduced \$314,700, while the telephone and telegraph companies were reduced \$117,800. As compared to the tentative figures the assessed valuation of all the property was \$214,306,500.

REBEL-LEADED INVESTIGATE

CARRANZA APPOINTS COMMISSION TO PROBE DEATH OF BENTON.

WILL DEAL ONLY WITH ENGLISH AUTHORITIES.

Attitude of Great Britain in Matter Set Forth in Statement by Sir Edward Grey in House of Commons.

Nogales, Sonora.—A commission to investigate the Benton case was appointed Tuesday night by General Carranza. The members are Ramon Praustro, constitutionalist politician, attorney general; Miguel Silva, physician and former governor of Michoacan; and Miguel Lara, attorney and former governor of Hidalgo.

Nothing was announced regarding the disappearance of Gustav Rauch an American.

It was said that no charge had been taken in Carranza's stand that the death of Benton, a Briton, should be taken up by the English and not by Washington authorities.

Attitude of Great Britain. The Mexican situation from the foreign secretary's point of view that no immediate action could be taken by it in connection with the death of Benton was pointed out by Sir Edward Grey, the British foreign secretary.

The persistent difficulties put in the way of investigating Benton's death lead to a presumption of a desire to conceal the truth by those responsible.

The United States is not in any way responsible for the death of Benton. The United States has shown as much interest in the death of Benton as it has in outrages on American citizens in Mexico.

We have no right to demand that the United States use force. If the United States takes no further steps Britain must reserve to itself the right to seek reparation from the United States.

The government at Mexico City has no control over the situation and we cannot get reparation from that source. We have no intention of sending a force into any part of Mexico.

We do not mean to let the matter rest, and as soon as we are in a position to take action we shall take whatever steps may be practicable.

Decrease Shown in February. Washington.—Customs receipts for the entire United States for February fell off slightly more than \$10,000,000, compared with the same month of 1912. The loss is by far the most marked discrepancy in such receipts from the months of 1912 that has been noticed since the new tariff became law. All receipts for February were \$43,623,857, compared with \$45,802,419 in February, 1912.

Bryan Is Grandfather Again. Washington.—A new baby girl at Secretary Bryan's home Tuesday defied a conference with the British ambassador and also the cabinet members.

Mr. Bryan telephoned the office and the White House that he would be late, and announced the birth of a daughter to his daughter-in-law, Mrs. Hargreaves, of Lincoln, Neb. Mr. Bryan now has six grandchildren.

DIFFERENT NATIONALITIES HAVE OWN PARTICULAR VISION.

Reason is Ascribed to Contemptuous Indifference to Things Foreign That Exists More or Less in Every Land or the Globe.

Florence, Italy.—The city we and the English call "Florence" is by Italians called Firenze.

The name of the city is Firenze, and the English call it Florence. The name of the city is Firenze, and the English call it Florence.
