

THE CAR OF NO REGRETS

Bert Dingley driving a KING car on the big aqueduct siphon across Bouquet Canal, Los Angeles.

**This Driver Knew His KING**

He knew its perfect balance, its "sure-footedness," its powerful engine, its positive brakes, its absolute responsiveness; he knew this feat was possible with a KING. Such a venturesome drive is not recommended as a daily pastime, but every KING owner will be interested in this additional proof of the KING'S "faith in its trust"—and every prospective owner will find a further reason for confidence in his purchase of—

**OBITUARY.**  
**CLAIRE MASON.**  
Claire Mason, age 26, only son of Mr. and Mrs. Fred Mason, died at his home in this village after a lingering illness of over six years. He was born at Rochester, July 15, 1888, but this village had been his home for many years.  
His funeral services were held Monday afternoon last, conducted by Rev. W. H. Jamieson, assisted by Rev. F. F. Kraft, after which interment was made in Greenwood cemetery. He is survived by his parents, and sister, Mrs. Edna Gillespie, of this village.  
The very last week he had was in September six years ago. Three years ago he was in Harper hospital for over two weeks but did not derive any benefit from the operation performed. Everything that medical skill, kind and loving care could suggest was done for the sufferer but of no avail. He was attended during his long illness by 13 different physicians. He was confined to his bed ten weeks but did not give up hopes until a week ago.

**CARD OF THANKS.**  
We wish to thank all our friends for the many kind acts to us during the long illness, and after the death of our son and brother—also, we wish to thank the singers and the friends for their beautiful flowers.

**Build a Permanent Silo**  
A makeshift affair soon needs repairs and never will protect your silage from heat, cold and moisture. Experience has proved a silo wall must be airtight and moisture-proof to keep ensilage from becoming sour, moldy or rotten.  
**Natco Imperishable Silo**  
is built of hollow, vitrified clay blocks, reinforced by continuous steel bars between each layer. These blocks are impervious to air and moisture and protect silage from extremes of temperature. Natco Imperishable Silo walls will not freeze and crack. There are no staves to warp, shrink or splinter—no hoops to tighten—no painting—no repair bills.  
Build a Permanent Silo and you are precisely through with the job forever. First look in the East one. One machine does over it.  
Waterproof, Decayproof, Vermiform, Fireproof  
An insurance policy in itself against loss from wind, cold and moisture. Guaranteed to hold for 25 years. The most permanent and economical silo ever built. A valuable asset to your farm building.
