THE B'HAM CLUB

Organization Completed. The Birmingham Club now Occupy the Taber Homestead.

The organization of this new Club has now been completed and the members will soon be moving into their new Club House.

The Taber Homestead on Woodward Avenue is rapidly being put in shape, and activities of this new addition to Birmingham's social life will soon be manifested.

The officers of the Birmingham Club are: Walter Thompson, President; T. R. Donovan, vice president; Frank A. Gordon, Sec'y; Dr. George P. Rayne, Treasurer. Messrs. Frank Standart, Howard J. Shain and Arthur Hartwell, directors.

The various committees have been appointed and are now busily engaged getting everything in shape.

The building committee Messrs. Dowan, Jones, Cobb and Field, while Messrs. Thompson, Standart and Smith comprise the committee on furniture and furnishings.

Workers under the direction of Mr. Field are now at work on the necessary improvements and alterations to adapt the building to the needs of the Club membership which now numbers over 100 of the leading citizens of Birmingham and vicinity.

By the time the building is ready for occupancy it will be at least one hundred and fifty happy members.

O's Dark Night. It is very distressing to have one in the family awake with an attack of cholera morbus, cramps and diarrhea.

THE KING CAR

The King Car is Second in None. It Possesses Features You Should Know. Ask J. E. V.

Mr. James E. Valentine, of Birmingham, succeeded in selling a car to Pontiac parties Saturday, the sale being made by a test of the car's power, in climbing the Ball Mount Hill northeast of Pontiac. This hill is a test that very few cars are able to accomplish.

Mr. Valentine is anxious to test the power of the motor and also the speed and comfort of the King car on the country roads.

The King car is second to none in its class. It possesses the important features that are necessary in a car to possess to give every detail of satisfaction.

The mechanical construction of the King car has been brought to a point of perfection, it possesses all the modern features that will be found on the \$2,000 motor car.

How Can One Man Milk 25 Cows Per Hour?

By Using the Hinman Milker. It reduces the cost of the operation very decidedly.

It is very economical, costing from \$1.00 to \$1.50 every year—and that is for rubber mouth-pieces and pump valves.

The average man can handle three machines to best advantage, milking three cows at a time and from 20 to 25 cows per hour, by using the extra pump.

There are exceptions to this, as we have some customers using five and six machines, milking from 40 to 50 cows.

If you are interested (and anyone having a cow to milk should be), and the more cows he has to milk the more he should be interested), should call on us for full information.
