## Sick Women Made Well

are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

### Read this one from Mrs. Waters:

Read this one from Mrs. Waters:

Camden, N.J.—"I was sick for two years with nervous spells, and
my kidneys were affected. I had a doctor all the time and used a
galvanic battery, but nothing did me any god. I was not able to go
to bed, but spent my time on a couch on a sleeping-chair, and soon
became almost a skeleton. Final of Lydia E. Pinkham's Vegetable
Compound and got me. In two months I got relief and now I
out medicine to the month of the state of the state of the state
out medicine to every one and so does my husband."—Mrs. Th.Lis,
Waters, 1136 Knight St., Camden, N.J.

UTICA, OKLA.—"I was weak and nervous, not able to do my work and scarcely able to be om my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—Mrs. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinitham's Vegetable
Compound has been the standard remedy for female ills. No one sick with woman's silments
does institute to be result if you does the silments
does institute to be result if you does the silments
does institute to the silment in the silments
does institute to silment if you does not be all the
safe stated sp many suffering women to health.

Bankrupty Decision.

The supreme court of New Jersey holds in Bolton vs. Bolton that when a wife goes into bankrupty the trustee in bankrupty is entitled to take prosession of arroats or a finnory due ber for the benefit of the creditors. "When it is considered that during the period of non-payment the wife has in all probability been contracting debts for her support on the faith of recovering these payments, and that alimony is awarded for the express purpose of her support by paying in, cash as she goes along, and when it is considered further that by her discharge in bankruptcy these debts are that the creditors about her no unecourse to the very fund that the divorce court provided to pay them."

LIVE STOCK FARMER BIG FACTOR IN FUTURE OF UPPER PENINSULA

That the live stock farmer is des-tined to become an important factor in the future of the upper peninsula, was never so apparent as just at the present time. There never was a time in the lintery of the entire country when sentiment in favor of the devel-opment of stock farms. when sentiment in favor or the opposed of stock farms was greater than it is today. How can we produce meet at a profit, has become the burging question, and it is up to Michigan.

than it is today. How can we produce sheat at a profit, has become the burging question, and it is up to Michigan, and especially the upper peniessal to a superior of the state is a superior of the state in the state is the state of the state is superior to any other sections of the first county offers condition that schooleraft in the superior to any other sections of the far burger of the opportunity offered them, and the superior to any other sections of the far have not been alow in taking advantage of the opportunity offered them, almost every section of the county contains a model stock farm of greater of the opportunity offered them, almost every section of the county contains a model stock farm of greater leads to the superior of th

CALL OF THE LAND.

CALL OF THE LAND

"We're tired of this city life, that's the reason we're going to farm it." the reason we're going to farm it." the reason we're going to farm it." and the respirated present of the fill it. The control of the city who have purchased yolinity is acres of land anile and a half, from Milford, on which they plan to "farm If" with a view of making their living and laying up a nest egg for late. All the gifts are metabers of the Flint Y. M. C. A. They are Miss Dewsam, Miss Grace Tiedeman, freesmaker; Miss Erie M. Rogers, county normal student; Miss Blanche Copeland, steenographer; Misses Maude and Elizabeth Freed, dressmakers. Miss Maude Freed and Miss Tiedeman are now at "Ridiare"—the farm and the state of the state of the work of the work

disphanous gown will not be much in avidence. The gifts have been earling their money for several months in order to buy the farm, meanwhile studying what experts have said on scientific methods of crop rotation and teeding chickens. Immediately preceding this Presed's sojourn on the Tarm, gift admirters at the Y. W. C. A. heard of her determination to become a fariner implements of modern agriculture, rakes, hose, brooms, shovels, picks, and bottles of worm and potato bug exterminator.

CENSUS OF FARM LANDS.

eus counties act as agents for the labor bessus and assist the bureau to place farm hands. The blanks which are young out to the supervisors ask for the number of farm hands em-ployed by the mouth; the average number of mouths they are employed during the year; the average mouthly wage; the number of farms operated by owners; the humber of farms op-erated by tenants; and whether or not there is a caretty-of farm help in the

worship.

WORKING BIG MINT FARM.

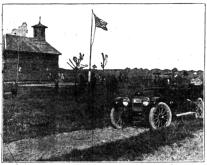

A force of 20 men are engaged on the big 670 acre) Beebe mint farm, near Downgian. They are living in a large lent on the property and will just in the whole summer clearing lands putting it in shape for crops and patting mint. As soon as arrangements will permit Mr. Beebe will erect will the more of the control of ERNUS OF FARM LANDS.

Labor Commissioner Cunningham
has started what he thinks will result
in the taking of a complete census of
Michigan farm lands.

He is sending out blanks to supervisors in the state with the request
shie, filled out. These blanks, it
properly filled out. These when the state, the
sumber of farms operated by owners,
and the number of errans operated by owners,
and the number of errans operated by owners,
and the number of farms operated by owners,
and the number of farms operated by owners,
and the number of farts operated by owners,
and the number of farts operating tenants
and the fill of the farts of the farts of the farts
the number of farts operated the
pervisor's district.

The new move of the labor commissioner is really the outgrowth of the
plan he started about two months ago
to have the country clerks in the variand birds, other than deer, as follows:

ALFALFA KING IN NORTHERN MICHIGAN

Alfalfa Campaign Speakers Leaving for Next Meeting.

Alfalfa's to be king in northern is mitted and again this summer. Agrit in the schools and in the country commissioners of schools and in the chools in the rural sections of private enthusiats are again taking up the work to the end that more tarmers may be interested to the extent that they will start acreages in that valuable and far-reaching crop. Meetings are being held here and there throughout northern and western Michigan, and all the progressive series of the country of the series of the country of the series of the country of the series of the ser

DISAPPEARING TIMBER CAUSES NO WORRY

Rabbits, 2,500,000; raccoons, 50,000; mink, 700,000; otter, 18,000; bears, 5,000; bears, 5,000; bears, 5,000; bears, 5,000; bears, 5,000; in his recommendations he suggests that the killing of deer be prohibited for five years.

It is the purpose of the state game and forestry warden's department to introduce the ringnecked pleasant in Michigan. The bird was loosed in the state of New York several years ago for the first time, and it has now so multiplied that the legislature contemplates an open season for it. Private individuals in this state have already donated considerable money and the land for breeding purposes for this bird. It is a wonderfully hardy private individuals to the state of the product of the private of the private individuals in this state have already donated considerable money and the land for breeding purposes for this bird. It is a wonderfully hardy private for the open on the coldest nights, rather than in shelter.

For Keeping Butter.

Lined butter (ubs are preferable to crocks for keeping butter, as with these the air can be kept out. Do not the butter next to the tin, but line this with parchment putter paper and fill the tub to within air into or two of the top. Spread a piech of cheesecloth over the butter, and fill the remaining space with sait, and then nail it up tightly. Keep it in a cook, cellar, and do not open until ready to hae.

Limestone on Alfalfa.
Limestone has beed put on alfalfa.
Limestone has beed put on alfalfa.
after the first croy has been taken off,
with very good results. The benedits
to be expected by the application/or
limestone on alfalfa will vary greatly,
on soil poor in lime, the yield mighth
be doubled by such an application,
while on other soils there might be no
results whatever.

Never a Drug.

There is one kind of stock that is never a drug on the market—the fresh mileh cow. She costs less traise and sells for more than a beel steer.

Pissant fer Preacher.
A mother sent her little daughter down to open the door and entertain the intinster. Mr. Hlank, while she disabed dressing. When she appeared the little kitten ran in ahead of her, and the tiny midden jumped up and down and screamed at the top of two costs. The mother was borrified and said:
