## "TEMPUS FUGIT" Family Theatre

These Items Appeared in the Eccentric 33 Years Ago This Week. How Tempus Does Fugit on.

Business breathes up. Warm biscuits and honey. Renew your subscriptions immediately. Julian Lee's new house near the depot is approaching completion. Robert Reynolds' old yellow nag gave up the ghost last week and we hope has gone to rest.

F. G. D'Brash is repairing and otherwise embellishing his house with a new coat of plaster. Miss Mollie Smith has been a victim of ague the past week. We were shown the forefront of last week some wheat already headed and which was raised by John Benedict.

Let's have a regular old fashioned Fourth of July celebration, green pig and fire-works. Over 85 head of sheep took a bath in William H. Smith's saw-mill bathing resort one day this week. George Pickering raised a large barn on his farm near Franklin last week. Alex Hutchinson and Frank McQuade did the masonic part of the work.

A. D. Shadbolt received a present of a comfortable and easy arm-chair from Mrs. Shadbolt and all the children, the result of his having a birthday anniversary. Mr. Williams, an artist of note made very handsome portraits of Mrs. John Benedict of her father and mother, Mr. and Mrs. Lewis B. Adams.

Every hitching post and railing in town was occupied last Saturday evening. A big crowd in town too made up for the dull days of the last week. Mrs. George and Lena Hlakes went into costume last week. The commotion was caused by a present from their father of a fine new Boardman and Gray piano from the music house of Whitney & Currier of Toledo. Nala was made by their agent Mr. Haws.

Messrs. Logan and Herbold, assisted by Nathan Fall have just finished a big barn for Herman A. Castle of Troy. It is 96 x 36. Mrs. Charles Babcock of Bay City who has been visiting her parents, Mr. and Mrs. William Hawthorne of Troy lately leaves for Marine City this week to visit her sister there. Mrs. M. V. Brown.

Willis Carter while doing carpenter work for Edward Fostick juggled in a little wrestling with Tom Knight, received a heavy fog and sustained severe injuries. He was brought home and Dr. James A. Post immediately pronounced the damage a broken collar bone. He is doing as well as can be expected. Dr. Raynale and Charlie Whiting collided with their vehicles Sunday night just on the road just past the Robert Hanna's on Southfield avenue. The Dr. received a severe contusion on the hip, his horse ran away, the buggy wrecked and Cain raised generally.

J. Alton Bigelow, Postmaster, advertises a list of uncalled for letters. In Big Beaver correspondence Charles ——— went to Detroit. Hattie ——— has a ring. This and that suggests to the writer that a wedding will be the next thing. A Smile. Is a pretty hard thing to accomplish when you're "blue" bilious and "out of order." There is a sure remedy for stomach and liver complaints, constipation and dyspepsia. Dr. Herrick's Sugar-Coated Pills are mild, thorough and effective in all cases. Try a box. Price 25c. Sold by Cobb & Jennelle, Adv.

Come and Hear the Band Play. The following wise house-keepers all have recently purchased the Duntley Sanitary Sweeper, Mr. G. H. Payne, Mrs. W. H. Wood, Mrs. Thomas McGraw, Mrs. H. P. Seltzer, Mrs. James Campbell, Mrs. James Miller, Mrs. E. Goodfellow, Mrs. John Dear, Mrs. P. Reid, Mrs. Martin Green, Mrs. Thos. Dickinson, and Miss Josephine Hutchison. T. P. Foote, Gen'l. Agt., says they sell like wildfire, and he can't possibly supply the demand.

Comforting to Stout People. Foley Cathartic Tablets are a special little regular tablet that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no gross, greasy taste. A stout person who uses them constantly will really feel thinned out and more comfortable as a result of their use. For sale by all druggists.—Adv.

About the Birmingham Creamery. The American Medical-Pharmaceutical League held its 17th annual convention in Hotel Astor New York. Dr. Enoch Mather, No. 46 Warren avenue, east, Detroit, President of the League, made the opening address, and read a paper entitled: "Are we progressing in practical medicine?"

## Bloomfield Dist. The Avenue.

Woman Against Woman. Gripping from the raise of the curtain to the close of the play is "Woman Against Woman" and play which has been selected by the Permanent Players of the Avenue theatre for the coming week's bill. The production of "Woman Against Woman," which will be presented on this occasion, is the Fred Harvey play, the strongest of the two bills of the same name. This play deals with English life. In this play will be cast all the Permanent Players favorites. Roy Walling will impersonate John the doctor, the workman, while the role of the Bossie Barton will fall to Miss Jane Babcock. The newly leading woman of this company whose first appearance has been well received by Detroit audiences.

For the balance of the current week "Why Girls Leave Home," an intensely absorbing play of many strong situations, is being offered. Bladder irritations, kidney troubles, rheumatism, neuritis, pain in back and sides, all show the kidneys need to be toned up, strengthened, their regular action restored. Foley Kidney Pills will do it surely and quickly. They give good health, freedom from pain, a return of appetite and sound sleep. Try them. For sale by all druggists.—Adv.

## Garrick Theatre.

Howes' Moving Pictures. Just how great are the dangers to which a camera man is exposed, or crimes exposed himself, was illustrated while Lyman H. Howes' camera man was cinematographing a portion of the scenes of the Foley Kidney Pills of Arizona, to be presented at the Garrick theatre, Detroit, all next week, which will continue the successful engagement of the Howe pictures. For several minutes the life of the cinematographer "thru a thread" literally—the thread in this instance being only a quarter inch rope at the end of which a photographer was hanging over a hazardous position. The rope became twisted and refused to work over the pulley. After escaping from his hazardous position he declared that, in one of those tense moments, his whole life seemed to have been vividly unfolded to him instead of seeing the glorious panorama over which he was suspended. This marvelous rescue of an aeroplane rider over Paris; the wondrous scenes of marine life; a study in palaeontology; yachting off Mexico, and a motor ride through the French Alps are some of the other features to be presented.

OBITUARY. ROBERT CROMIE. On Tuesday, May 19, a gloom of sorrow was cast over Birmingham and community, when it was known that another of her well known citizens had passed beyond the trials and uncertainties of this life. About 30 years ago he was married to Ella Cromie at which time he took possession of the home and farm on which the family still resides and during that time met with increasing prosperity and greater resources. He was honest toward himself and others. Pecuniary influences did not change him. He remained true to his convictions, knowing that if true to himself he could not be false to others. Twenty years he was an honored elder in the Troy United Presbyterian church. His religious life was not limited to the Church; it lived and grew in the home.

### Women Are Martyrs

Woman is her own worst enemy—seldom does she make allowance for herself. Self-sacrifice with her is persistent—in fact it is perilous and as a consequence she is seldom both healthy and happy. Everyone's health must be looked after—all but her own. In her own mind she comes last—always.

No matter how strong her constitution she must eventually give way under the strain—the climax comes in complete collapse. Careful and constant attention to details in the matter of her own health is imperative—the delicate figural organs must perform their duty with unceasing regularity, the blood must be kept pure, it must nourish every tissue of her body, and the nerves kept proof against irritation. Considering that it's only a matter of a few seconds each day—three or four doses of
