Most children do. A coated, furred tongue; strong breath; stomach pain; circles under eyes; pale, sallow complexion; nervous, fretful, grinding of teeth; loss of sleep; peculiar dreams—any one of these indicate child has worms. Get a box of Kickapoo Worm Killer at once. It kills the worms, the cause of your child's condition. Its laxative and astringent expel the worms. Supplies in candy form. Great for children to take. 25c. Recommended by C. J. Shain and Cobb & Jennette.—Adv.

Somebody said long ago

That he wished to be neither rich nor poor. Truly that was a wise observation. Because the in-between place is far preferable. It is well for most of us that it is, for few of us can ever become wealthy—While all of us may acquire the rainy-day amount. It is just a question of starting to save up money that doesn't have to be spent.

A question of starting soon and of keeping at it. A few years of systematic saving will give a young man a wonderful lift up the ladder of success.

This Bank offers its savings branch as the safest and surest plan to accomplish the desired result.
