AT PONTIAC

THE PEOPLE OF OAKLAND COUNTY are invited to Pontiac on Pontiac Day—July 22. Mayor Johnson has proclaimed a holiday for the occasion, the stores and factories will close, there will be a parade of civic and industrial floats, a band concert during the entire afternoon, a barbecue at which a roast ox and other good things will be served, besides many other features. And every-

THE CITIZENS OF PONTIAC have constituted themselves a com mittee to sell 400 lots in the Pontiac Industrial Addition on that day. The Addition lies along the Michigan Air Line Railroad in the southeastern part of the city. The land on three sides of it is occupied by homes, and it is within a few blocks of two modern school buildings. The lots are priced at a figure which makes them a splendid investment.

THE MONEY RECEIVED over and above the cost of these lots will E MONEY RECEIVED over and above the cost of these iots will go into an industrial fund to bring factories to the city. For six years this fund must be used to locate manufacturers on the factory sites which adjoin the Addition. The placing of one factory there will raise the value of these lots materially. But the effort will not end there. Industries will be brought to Pontiac until no sites are left.

PONTIAC TODAY STANDS as one of the most progressive cities in Michigan. Its location, just at the threshold of Detroit and the wonderful market that metropolis affords, is causing it to be favorably considered by manufacturers who are thinking of a change in location. Two industries have moved there from other States within the past month. Pontige is growing every day. Why not invest your money there to grow with it?

TO CAP THE DAY One of the most valuable lots in the Addition will be given away absolutely free.

"Toes grief assail your heart
Because you may not graap a sword
And play a hero's part?
Or do you saidly sigh because

Because for love of gold they put
