## Dan A. McGaffey

Deputy Register of Deeds

### Candidate for Nomination for REGISTER OF DEEDS

### REPUBLICAN TICKET

Says the Oxford Leader: **McGaffey for Register.**

Former Oxford Man Popular Candidate for that Place.

Petitions are being circulated for our friend, Dan A. McGaffey, Deputy Register of Deeds, for nomination at the August primaries for the office of Register of Deeds.

"Ae people of Oxford, regardless of politics, are taking especial interest in McGaffey's campaign, not alone from the fact that he is an Oxford man, but more especially on account of his special fitness for the office of Register of Deeds.

For a number of years Mr. McGaffey has utilized his spare hours and evenings in the study of law, with the hope of becoming an expert in real estate law and land titles. When one comes to realize that a large percentage of conveyances consisting of deeds, mortgages, contracts and other instruments, which are recorded in the register of deeds office, are drawn by persons who, are not attorneys, naturally, serious mistakes are apt to occur, these mistakes could be corrected prior to recording, if properly examined by someone competent to pass upon them, thus saving thousands of dollars in litigation to the patrons of the office.

Mr. McGaffey is an Oxford county boy, born and raised in the village of Holly and has for a number of years resided in Oxford prior to his appointment as Deputy Register of Deeds. He has also been an active Republican in Oxford, and has been a member of the "Dan" is a man in the prime of life, honest, painstaking, congenial and especially qualified for the office he seeks.—Advertisement.

### We're Opposed to Mail Order Concerns

Because—

They have never contributed a cent to furthering the interests of our town.

Every cent received by them from this community is a direct loss to our merchants.

In almost every case their goods can be had just as cheap as they can be had by mail order, and the possibility of mistakes in filling orders.

But—

The natural human trait is to buy where goods are cheapest and the goods are usually superior in the game of life as played today.

Therefore

Mr. Merchant and Business Men, meet your competitors on their own weapons—local advertising.

The local field is yours. All you need do is to avail yourself of the opportunities offered. An advertisement in this paper will carry your goods in the community. ## Character Forming

It is surprising how many good traits of character the possession of a bank account has a tendency to cultivate.

Decision and persistency are two of them. These develop more and more as a result of a desire to continue the saving habit once begun.

So that when we offer to take charge of a dollar for some one who is making a start on the journey of success, we are encouraging other good habits than thrift.

And thrift is highly commendable.

Will you talk to us when you are ready to make a start at saving?
