Cheapest Milk Producer!

"Malt Sugar Grains"

(DISTILLERS' BY-PRODUCT)
Composed of Barley, Corn and Malt Grains. Contains no screenings, sweeping, or foot stuff of any kind. A clean, wholesome, safe feed, thoroughly cooked and highly digestible.
Contains twice as much protein as wheat bran—six times more than corn or corn meal. Protein 20 to 30 per cent, fat 6 to 12 per cent.
Malt Sugar Grains are a bulky feed, and can be used to lighten up the heavier feeds, the same as bran. Can be used alone as a grain ration, or combined with any other feed desired.
In a feed test at one of Ohio's big dairy farms the highest milk record was made with Malt Sugar Grains. The owner of the farm now a car-load buyer.
W. J. Mann, Dairyman, Jackson, Michigan, increased the milk production of his whole herd nearly three quarters per cow per day on a 10-day milk test with Malt Sugar Grains.

Miles Theatre.

Next week's bill at the Miles theatre will contain the elements of a diversified and well-balanced variety show. The famous Russian Eagle troupe of singers and dancers will head the list of entertainers, offering native songs and dances in costume. This organization has gained an enviable reputation on the so-called "big time." Close rivalry for head-line honors will be Copeland, McBride and Marlowe in "The Tosty Hall Minstrels." Their act is a complete minstrel first part, setting and all Messrs Copeland and McBride are old-time minstrel men and are well known to all local lovers of this form of entertainment. Superior juggling is promised by Cero and Wilkins, who will open the show. Ed Gray, the tall tale teller, will be on hand with a bunch of new songs. Renaud and Addison, in an artistic road acting novelty, "Hamelin and Howland in a piano-songbook will complete the show. New photo comedies will close as usual.

A Big Head

Is of two kinds. The kind that comes from sick headaches, torpid liver and biliousness, however, is curable. Does your head ache at this time of year? Is it accompanied by dizziness, ringing noises in the ears? These are symptoms of a diseased liver, and a dangerous condition. The remedy is Dr. Herrieh's Sugar-Coated Pills. They are mild, pleasant to take, and do not grip the bowels. Try them. Price 25c. Sold by Cobb & Jennelle.—Adv.

Garrick Theatre.

"The Darling of the Gods" will be next week's offering by the Bonstelle Company at the Garrick Theatre, Detroit. This piece has been regarded as too stuporous for stock production, it is in five acts and eleven scenes; all representative of Japan, the land of sunshine and flowers. The experts would have been too great for a single stock week had not Miss Bonstelle arranged to use a production in Buffalo, Toronto, Montreal and here: Part of the production was built in each of these cities, and almost the musical theatre in Northampton, of which Miss Bonstelle is a director.

The story is built around the love of a Japanese princess' love for Kara, an outlaw, one of the Samurai, of two sword men, who has refused to obey the edict of the emperor, and gave up his sword. Yo-San, the Princess, is the fairest flower in all Japan, for her everything means happiness and smiles, the world was created to please her happy, and she is willing to refuse her happiness, and to promise, made that the production will eclipse anything ever done in stock in Detroit.

"The front of F. Blakelee's store is all knocked out. Frank claims \$60 rent from Sam Mills and Bigelow and in a "wreck of equipment" with them, out went the whole front of the store. Expert architect and competent workmen will soon have in a new front for the store, who have leased the store for a term of years. New store. New goods. New men for Birmingham.

A drinking fountain may add greatly to the comfort of humans uptown. It has been found possible to pipe excellent mineral water from an artesian well driven by Ed Daniels for the village about six months ago. This well is located just west of the water-works power-house. It was found in bed rock at a depth of 162 feet. It is soft water and said to be very cold. This is an excellent plan for the village to pipe a second drinking fountain uptown. It is greatly needed.
