

WOMEN FROM 45 TO 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westrook, Me.—"I was passing through the Change of Life and my pains in my back and side and so on would hardly do my household work. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to publish my testimonial."—Mrs. M. LAWRENCE, 12 King St., Westrook, Maine.

Manston, Wis.—"At the Change of Life I suffered with pains in my back and limbs until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued it for six months. The pains left me, the night-sweats quit and I feel as well as in my youth. I am a different woman. I know I have to thank you for my continued good health ever since."—Mrs. M. J. BROWAZKI, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in the world. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

THE CALLA AND ITS CULTURE

By BESSIE L. PUTNAM.
Rich soil, moisture, warmth, and sunshine are the key notes to success with the calla. It can "yow" may be made to bloom in winter without much sunning if the other essentials are supplied.

If wanted for winter blooming it is best to let it rest in summer, turning the pot on its side, in house out of the way corner. In August, digging in a layer of charcoal for drainage and over this put a layer of manure well rotted and flaked with a rich compost. Water sparingly until growth commences, and then the water can hardly be supplied too freely.

KEEPING UP THE LAWN

Don't mow the lawn by either the front or cutting of the plant below the crown.
Don't mow the lawn too closely during the heated term; but do not cut so low as to injure the grass.

ASHES DISCOURAGE BUGS

Especially among ashes, I find extra value in them, containing as they do phosphates which tend toward sweetening the soil. No jarred soil can be expected to grow in or live in or under such an unpleasant soil home.

PHLOX FOR THE GREENHOUSE

Perennial phlox makes splendid pot plants for the greenhouse when treated after the manner of chrysanthemums. Make cuttings as soon as the shoots are about two inches long.

ORNAMENTAL GRASSES

When planting flower beds and borders, do not overlook the claims to beauty of the ornamental grasses. They are easy to grow, beautiful and graceful during the summer, and they are hardy winter plants.

"Education that does not fit a man or woman for the practical work of life is worse than no education and a half-bred education is a curse. The boy who attends an agricultural college and does not demonstrate the ability to raise a cow, or a woman who is taught, by actual work with her own hands, is a waste of time."
