The Financial Situation
 With you is just this - you will never have a million dollars without starting with one dollar.
 Add that first dollar must be saved, and the next, and the next until enough has accumulated to do something with.
 If you start now to save, almost before you know it you will own a neat little fortune.
 And of course the more you save the faster your money is earned, you make money.
 If you let this Bank take care of your savings for you you will receive the highest rate of interest, and may be sure that your funds are wisely looked after.
