On Safe Travel Funds

There is danger of loss or theft if you carry actual currency while traveling throughout the country. The safe plan is to carry your funds in

"A.B.A." American Bankers Association Cheques

which require your counter-signature to make them good. They are protected by the Wm. J. Burns detectives. Thieves have been known to return these cheques rather than be caught with them. Accepted by hotels, ticket offices, and the best merchants. Self-identifying. Issued in $10, $20, $50, and $100.
