Ford, aunt and uncle of the young lady, to give her a miscellaneous shower in honor of her marriage to Floyd Norton, of Royal Oak, which was to have occurred in about two weeks, but to the surprise of the assembled guests the happy young couple were made one then and there by Rev. Mr. Olesen, of Royal Oak. Mrs. Norton was engaged as telephone operator at Royal Oak and is very popular among her friends and Mr. Norton is an electrician. The young couple have our congratulations. They will reside in Royal Oak.

Many Children Have Worms.

Worms are a common childhood ailment. They make children irritable, nervous and restless, besides robbing the body and mind of proper nourishment. Watch your child. Examine the stools and at first signs of worms give your child a treatment of Kickapoo Worm Killer. It kills the worms, acts as a laxative and expels the worms and poisonous waste. Tones the system and helps restore your child's health and happy disposition. Only 25c at your druggist's.—Adv.

The Ear-Marks of a Good Feed Grinder

You will find every one of them on all

INTERNATIONAL FEED GRINDERS

A strong steel stand prevents wabbling.
Two lag screws hold the machine firmly in position.
The grinding plates are self-aligning and therefore grind evenly.
A spring tension on the grinding plates insures even grinding.
A plate shifter lever at the end of the shaft is a safeguard against breakage and makes it a simple matter to clean the plates.

An International feed grinder and an IHC oil engine make an ideal combination. The engine will furnish convenient power for operating the feed grinder, and is especially adaptable for this purpose on account of the variation of the power required in proportion to the kind of grain being ground.

International feed grinders are made in the following types and sizes to meet all requirements:

Type B: 6, 8, and 10-inch---grinds corn on the cob
Type C: 6 and 8-inch---grinds small grains and shelled corn
Type D: 8 and 10-inch---grinds corn in the husk, alfalfa and Kaffir corn in the head

There are other features which you can see for yourself if you will drop in for a demonstration the next time you are in town.
