

PROVINCE
WESTERN CANADA

Average Increase of Acreage in Wheat Over 22 Per Cent.

Alberta	22%
Saskatchewan	21%
Manitoba	18%

The report of the province during the past week was very encouraging. District after district, reports of an average of 22 per cent increase of acreage in wheat over the year 1914 were received. The report from the west shows that the wheat crop is much larger than last year. The report from the east shows that the wheat crop is much larger than last year. The report from the south shows that the wheat crop is much larger than last year.

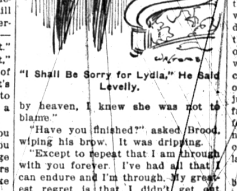

Prospects excellent. An abundant harvest is expected. The prospects for the year are excellent. The prospects for the year are excellent. The prospects for the year are excellent. The prospects for the year are excellent. The prospects for the year are excellent.

CHAPTER XV.
A Mother Intervenes. Long past midnight the telephone in the Desmond apartment rang sharply. Lydia, who had just fallen asleep, awoke with a start and sat bolt upright. Her head ached and her perspiration broke out all over her body. She knew there had been a catastrophe.

WHY DOGS' NOSE IS COOL
Crowsden Out of the Ark is a pretty story, but not a scientific explanation.

Oh, Ye Good Old Times.
That the big New York hotels are crowded with tourists is the result of a recent party to New York.

There are a lot of things missing from the West. The most conspicuous is a roof that can sit in white boots.

Manly-Wahoo Has Been. Many a man has been to the post office to register. Are you corresponding with some other female?

Don't Be Late. The time has come when you must be on time. The time has come when you must be on time.
