A Good Household Saviour

Ordinary ailments and injuries are not themselves serious, but infection from a scratch may make them dangerous. Don't neglect a cut, sore, bruise or hurt because it's small and trifling. It may result from a pin-prick or scratch. For all such ailments, **Saliva** is the best. It is antiseptic, kills infection and prevents dangerous complications. Good for all skin blemishes, pimples, eczema, etc. Get an original 2-ounce box from your druggist. —A.V.
