PROHIBITION DOES PROHIBIT UNDER NEW LAW.

A Close Study of the Leigh Law, Recently Enacted, Invited.

It is pertinent at this time, when the question of local option comes before the voters of Oakland County to call attention to the fact that prohibition does prohibit.

Those of our voters who have heretofore failed to take their stand as advocates of local option... Those of our voters who have heretofore failed to take their stand as advocates of local option...

Section 1. No person shall while in an offensive state of intoxication... Section 2. No person shall publicly drink any intoxicating liquor...

Section 3. The conductor of any railway train or interurban car... Section 4. The conductor of any railway train or interurban car...

LOCAL OPTION COMMITTEE.

Another great factor that is going to be instrumental in putting the saloon out of business in Oakland County is the "Dry Law" which absolutely prohibits the shipment of liquors for sale in non-dry territories.

"Take Her Along"  
Mother is really a good sport. You have simply overlooked her in your fun. You have always thought of her as a sort of combination angel and servant, and you have made use of her endlessly and thoughtlessly. You have accepted her sacrifices as a matter of course. Sometimes you have not noticed how near you have come to allowing her love to turn into mere duty. The strange part of it is that she loves fun as much as you do, but that she is just as jolly on a picnic as anybody else you could invite, and that she is simply stunning in a bathing suit. To go on thinking of everybody else and inviting everybody else before her is more your misfortune than it is hers. You are really missing a real when you overlook her.—Los Angeles Times.

**Are You Rheumatic? Try Sloan's!**  
If you want quick and reliable relief from rheumatism, do what other people are doing—whenever an attack comes on, bathe the sore muscle or joint with Sloan's Liniment. Sloan's need to rub it in—just apply the Liniment to the surface. It is wonderfully penetrating. It is the right way to get rid of trouble and draw the pain almost immediately. Get a bottle of Sloan's Liniment for 50c. Your money back if not satisfied, but it does give almost instant relief.—Adv.

**Why is it?**  
"Of the 57,000 varieties of things about women's waists it is impossible for a man to understand," said a quoter. "I will mention only one. Why is it that women button on their coats the right way from the way in which a man buttons on his coat? A man's coat is so made that the buttons come on the left side or half of the garment when it is buttoned. In a woman's coat the buttons come on the right side. When a woman puts on a man's overcoat the first thing she says is always this: 'Why, it buttons on the wrong way!' Of course, the man thinks that the woman's way is wrong, and the only thing that is certain about it is that the man's coat buttons on one side and the woman's on the other."—New York Courier Pittsburgh Dispatch.
