Real Lords of the Earth.

THE KNOCNER'S PRAYER

O Lord, please don't let Birmingham grow. I've been here thirty years, and during that time I've fought every public improvement. I've knocked every thing and every body; no firm or individual has established a business here without my doing all I could to put them out of business. I've lied about them and would have stolen from them if I had had the courage. I have done all I could to keep the town from growing and never have spoken a good word for it. I've knocked hard and often. I've put ashes on the children's shoes and I've made the police stop the boys playing ball on my vacant lot. Whenever I saw anyone prospering or enjoying themselves, I've started a reform to kill the business or spoil the fun. I don't want the young folks to stay in this town and I will do all I can by law, rule and ordinance, to drive them away, and I have always advised the people of Birmingham to buy their goods in Detroit or Pontiac, although I know they could buy them cheaper at home. It pains me, O Lord, to see that in spite of my knocking Birmingham is growing. Some day I fear I will be called upon to put down sidewalk walks in front of my property and I know that the children's shoes need to be kept clean. I ask, therefore, to keep this town at a standstill, that I may continue to be the chief "calamity howler." Amen.

ATTENTION!

A Gold Mining Company having properties near Prescott, Arizona, on which development has nearly reached the earning stage, is seeking capital from real investors to complete the work necessary before earnings can begin. A large amount of ore is in sight averaging over 3 feet thick in a drift at the 600-ft. level and in a shaft and upraise 100 feet, averaging over \$35.00 per ton in Gold and Silver, besides Copper, Lead and Zinc. It is close to a station on the Santa Fe R. R., and 2 smelters nearby. Low capitalization—no promotion stock. About \$15,000.00 required to complete upraise and repair and add new machinery to mill. Will bear most critical investigation by experienced mining men. An opportunity that will surely make big money. Call or write
