FIRM CHANGES

Frank Standart Retires and F. L. Smith and W. F. Johnson of Detroit Take His position.

This week notes a change in one of our leading real estate firms which is worthy of attention.

Mr. Frank Standart, by reason of ill health, has been forced to retire from active business and his position with the firm of Whitehead & Standart has been taken by two Detroit business men; Messrs. Elmer L. Smith and Walter F. Johnson, both of these gentlemen having been closely identified with the Pingree & Smith Shoe Co., of Detroit, for many years, but will now give their exclusive attention to the business which has been so rapidly developed by the firm of Whitehead & Standart.

Both the new partners will devote their best endeavor to the continued progress of the new firm in connection with Mr. Whitehead, who will continue at the head of the enterprise as formerly. The old style and name will be continued, only changing to Whitehead & Standart Co., and Mr. Standart will occasionally assist when requested and his health will permit.

Mr. Smith purchased the Erity's Mills farm and Mr. Johnson the pretty country home opposite the Erity school house and the old friends will now give their best endeavors for the success of the new enterprise. They are both honest, energetic hustlers with a large city acquaintance and will contribute the necessary amount of steam to bring success.

The Game of Small Pawns.

Now, remember, whatever virtue or goodliness there may be in this game of war, rightly played, there is none when you think play it with a multitude of small human pawns. If you, the gentlemen of this or any other kingdom, choose to make your pastime of contest, do so, and welcome; but set not up these unhappy peasant-playmates upon the green fielded board. If the wager is to be of death, let it on your own heads, not theirs.—From "The Crown of Wild Olives," by John Ruskin.

"LOOK OUT FOR THE CARS"

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need do to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to
