Who is to blame? The "Wets" or "Drys?" It is the unpatriotic spirit now in this great nation amongst people who feel it and work for their own selfish ends, through the tricky politicians and the whisky rings and thus the power of the "mighty dollar" prevents the carrying out of the laws and of electing good men for national places unless under the power of the dollar. Patriotism is a thing of the past. Now before everlastingly too late, let us the lovers of "home, sweet home," stem the wicked current that threatens to engulf the nation.—Codnor.
