PREPAREDNESS MEMORIAL GIFTS RESIGNED

Michigan Telephone Company Busy Repairing Its Lines and Getting Ready for Winter.

Mrs. Estella Sherman Gives Solarium W. D. Glize Has Resigned from Pt. Huron Hospital in Honor of Late L. A. Sherman.

Business too Much.

General repair work is in progress on the thousands of miles of toll line owned and operated by the Michigan State Telephone company throughout the state of Michigan...

The Michigan State Telephone company prides itself on the excellent service rendered over its toll lines. To keep these excellent circuits in perfect condition requires careful attention to the minutest detail at all times...

People in general have no conception of the many little things that are given attention by the maintenance department of the telephone company to keep the lines in A-1 condition.

The pent up energy of Michigan's youth that gives out in the winter months, in part, by throwing stress on everything in sight, costs the Michigan State Telephone company thousands of dollars annually.

The trimming of trees along the right of way is receiving special attention as an endless amount of trouble is caused when they are allowed to interfere with the wires.

Went to the Hospital. C. E. Blanchard, Postmaster, Grand Rapids, Michigan, writes: "I had kidney trouble so bad I had to go to hospital. Foley Kidney Pills completely cured me."

BIRMINGHAM AS A SALESMAN. What do you know about that? As a property owner it is of vital importance to you.

Cold Do Not Leave Willingly. Because a cold is stubborn is no reason why you should be. Instead of "sneezing" it out, get more relief by taking Dr. King's new Discovery...

Miss Sarah E. Siv, chairman of the Birmingham Township Centennial committee, requests the names and addresses of former residents of Bloomfield so that invitations may be sent to the big home-coming in Pontiac next August.

From a recent Post Huron Daily Times we learn the following rare donation. The donor, Mrs. Estella Sherman, is a sister of our late neighbor and friend, Mrs. Margie Ward...

"The solarium will be in the form of an addition to the south end of the south wing of the hospital, and will be two stories in height, affording entrance from both the first and second floors.

"Mrs. Sherman will furnish the solarium with all conveniences for the comfort and recuperation of convalescents and invalids, and the gift will be accepted by the hospital board."

"The exterior of the new solarium will harmonize architecturally with the hospital itself. The work of construction will be started at the end of the month and will be rushed to completion in order that it may be occupied before the close of winter."

"Mr. Sherman was the founder of the Post-Huron Daily Times and was for nearly forty years its editor and contributor to its columns after its consolidation with the Herald until his last illness."

Irritable Children Often Need Kickapoo Worm Killer. There is a reason for the disagreeable and fretful nature of many children. Think of the ureter when the child's stool is possessed by tiny worms...

Damaged Goods. Perhaps the most talked of play of modern times, is a plea for more careful attention to the married laws and observations of the lines advocated by Dan Sumner and other advanced thinkers.

The Steel Corn King. Made in sizes suitable for any farm.

The Steel Corn King has been on the market for a number of years and has proven universally satisfactory. Its lines are clean cut, making the machine very attractive in appearance.

After November 1st the store will be closed evenings, excepting Saturdays.
