ALL OVER

Mrs. Hattie Coon is stopping at Mrs. Elavia Wilson's, in Troy.

Matthew Groves, of Birmingham, is very bad with the rheumatism.

Mr. Codnor would like to board with some good party if it is handy. Write him.

Mrs. Rat. Clark, with her son, George Clark, in Troy, is on the sick list, but better.

Where lies the sweetness in a woman is in her good sound sense, but in her beauty in her face or form.

Now is your time to renew with Mr. Codnor for your future reading and get your money's worth and some premiums throwgin.

Miss Elizabeth Kail, of Cleveland, Ohio, spent last week as company with Carrie and Mary Davidson, at their home in Troy.

Mrs. Stephen Hill, of Troy, was sick in the bed last week, but Dr. J. W. Anderson, of Royal Oak, has got her up and around again.

Mrs. Rebecca Harvey is stopping with her son, Bert Smiley, in Troy, and is upon the lame sick list, but hopes she will be better soon.

A social for the benefit of the school nearby held at Bert Church's, of Southfield, last Thursday, netted $24 and a good and innocent time.

Miss Carrie Davidson, of Troy, spent a week recently with two girl friends, Misses Myrtle Tunis and Ethel Wagner, at their homes in Redford.

The 9 o'clock car south on the Flint division was taken off last week Saturday night and the 10 o'clock car refused to stop when signaled.—Codnor.

Frank Benoit, of Southfield, met with an accident last week Wednesday, as one of the workman with the Hillinger threshing machine, badly lacerating the fore finger on his right hand.

L. L. Daniels, of Southfield, although very lame, recently fell in the woods drawing wood, straining him in the leg and confining him to his bed and putting him under the care of Dr. Campbell, of Birmingham.

Mrs. Carrie Cornetti, Big Beaver, is on the sick list with stomach troubles and has had a council of doctors and has been taken to a Detroit hospital and back, but is now some better and the scare is over with as to tuberculosis ailing her.

Rousing big chances for a bargain upon the Woman's Home Companion and American Magazine for the month of December, alone or in combinations with other magazines, weeklies or dailies by consulting the agent, W. H. Codnor, of Clawson.

David Brooks, an old resident of Southfield, suddenly became insensible last Thursday, after being ill about a week at his home and on last Friday he was taken to the Harper hospital for treatment. There it was found that a big ulcer on the back of his neck was the cause of his sickness. The case was so serious that no relief could be given Mr. Brooks, as when the ulcer broke the expert physicians claimed he would die.

Arthur Tracy, of Nichols Siding in Bloomfield, met with a sad accident recently. While he was traveling over Franklin hills on the road near the school house with his engine and bean thresher, all at once the bean thresher run uncontrolled down the hill into the engine ahead catching him as he attempted to get from it, in his legs between the thresher and the fly wheel of the engine, badly squeezing and lacerating his legs.

Will Benning, of Troy, was not thinking of "safety first" last Friday morning when he drove his unsafe team up to the milk landing at Clawson and unloaded at the time the limited was due going north. His unmanageable horses crossed the track just ahead of the limited, which struck the rear end of his wagon, throwing it over, bruising him up and laming him quite badly, also breaking the wagon and smashing the windows in the vestibule of the car. Mr. Benning, do not take such dangerous chances any more, but be careful and sure of safety next time.

The Ear-Marks of a Good Feed Grinder

You will find every one of them on all

INTERNATIONAL FEED GRINDERS

A strong steel stand prevents wabbling.
Two lag screws hold the machine firmly in position.
The grinding plates are self-aligning and there are grind evenly.
A spring tension on the grinding plates insures even grinding.
A plate shifter lever at the end of the shaft is a safeguard against breakage and makes it a simple matter to clean the plates.

An International feed grinder and an IHC oil engine make an ideal combination. The engine will furnish convenient power for operating the feed grinder, and is especially adaptable for this purpose on account of the variation of the power required in proportion to the kind of grain being ground.

International feed grinders are made in the following types and sizes to meet all requirements:

Type B: 6, 8, and 10-inch—grinds corn on the cob
Type C: 6 and 8-inch—grinds small grains and shelled corn
Type D: 8 and 10-inch—grinds corn in the husk, alfalfa and Kaffir corn in the head

There are other features which you can see for yourself if you will drop in for a demonstration the next time you are in town.
