

Glass of Hot Water Before Breakfast a Splendid Habit

Open slices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to the full effects of the system we are suffering headache, stuffy frontal head, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water every morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the acids, poisons, wastes, sour bile and poisonous toxins; thus cleaning, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of limestone phosphate is wonderful indeed. It cleans out all the sour fermentations, gases, waste and acidity and gives a splendid appetite for breakfast and it is said to be a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at your druggist's and is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly—Ad.

The Man of It.
His Wife—John dear, don't you have another of those?—
Her Husband—No, thank you; I don't like homemade cake.
His Wife—But this isn't home-made. I bought it at the bake shop.
Her Husband—I knew there was something about it I didn't like.

SAVED MINISTER'S LIFE.

Rev. W. H. Warner, Route 2, Myer-ville, Md., writes: My trouble was sciatica. My back was affected and took the form of lumbago. I also had neuralgia, cramps in my muscles, pressure of the heart, pain in the top of my head, and nervous spasms. I had other symptoms showing my kidneys were at fault, so I took Dodd's Kidney Pills. They were the means of saving my life. On Feb. 16th, 1916, I write to say that undoubtedly your medicine restored me to perfect health.

Wages and Sanitation.

"For the workers and he will live better and his family will escape much of the danger from disease," said Surgeon General Gorgas of the United States Army, in an address to churchmen in Washington.

"The treatment of tropical diseases, especially yellow fever, must be considered as one of the most important evils to be eradicated. Doubting the wages of workmen in Havana raised them from their former impiousness and enabled them to live in more sanitary fashion than before."

"Sanitation is possible only where one is able to make the people understand the necessity of right living," he added. "In my experience I have found that a higher rate of pay is the most effective way of alleviating their former condition."

Women for Police Duty.
Spokane's civil service commission, after debating the type of woman that would make the best police officer, seems to have reached no very narrow definitions of the requirements between five feet and five-foot ten inches in height, between twenty-five and thirty-five years in age, and between 115 and 200 pounds weight, timbered and well developed. The late Senator J. M. Corbett, who admits a preference for women officers of the "large, queency type."

HANDY HUSBAND
Knew How to Get Part of the Breakfast-fest.

"I know one dish I can prepare for breakfast as well as any cook on earth," said my husband one morning when the cook was ill and he had volunteered to help out. He had appeared with his dish and I discovered it was Grape-Nuts which, of course, was easy to prepare for it was perfectly cooked at the factory, but it was a good illustration of the convenience of having Grape-Nuts about.

"We got up early this morning, immediately after returning from a four-year sojourn in a hot country. Our stomachs were in bad condition and we were in poor health generally."

"In a day or two we liked Grape-Nuts and the other kind of food on the table. We both gained steadily in health and strength and this was caused by Grape-Nuts and Postum."

"A friend of ours had a similar experience. She was seriously ill with indigestion and could find nothing to eat that would not give her a uncomfortable night's rest. In a short time she gained several pounds in weight."
