

SEVEN IN BACK AS 30 BANDITS

THE TENTH (NEGRO) CAVALRY SURPRISE A GROUP OF VILLA'S MEN.

ENEMY'S HORSES CAPTURED

No Mention of American Losses Made—Battal 'Took Place at Agua Caliente.

San Antonio, Tex., Jan. 27.—Following their sixteenth day of the group of Villa's forces driven from Guerrero, last week was defeated by a squadron of the Tenth (negro) cavalry under Colonel W. C. Brown, according to information secured by General Pershing and forwarded by him to General Funston.

In this engagement, the second, the American troops have had with Villa's men, the heaviest loss sustained in 1913. No mention of American loss was made.

Colonel Brown's encounter with the Mexicans had not been reported to General Pershing when he made his report to General Funston, his information being gained from friendly Mexicans who had arrived at a point near Rubio, where they met for Evans, of the Tenth cavalry.

Major Evans reported that Colonel Brown had encountered a band of Villa's men and was pursuing them through San Antonio, Chihuahua, when, suddenly, Mexicans who arrived from that vicinity declared that he had overtake the wandering bandits at the village of Agua Caliente, 20 miles southeast of Chihuahua.

Villa's men, according to their version of the encounter, appeared wholly unexpecting of the presence of an enemy a minute before they were attacked.

It was about noon when Colonel Brown brought his cavalry within easy range. The Mexicans were lying about the place, many of them asleep and all their horses were grazing, in many cases some distance from the men.

Details of the action were not told, but the Mexicans said that besides those killed, the Americans captured an equal number of horses. General Pershing sided that his reports of the engagement lacked confirmation, though his credence of the news was indicated by the fact that he transmitted it to General Funston.

Six-Plotters to Die.

Juarez—Six initiators of a plot to take Juarez and declare it a Free State will be shot to the list. The names of the plotters were not given but all six of the men are in prison and half dozen are held under suspicion. The first six admitted their guilt at the court of investigation, which has been in progress for five days.

The plot originated in El Paso, and some persons on the American side, mostly Mexicans, were implicated. The investigators secured quarters opposite the various barracks in Juarez. The method of attack was planned by a few men were on duty and then to open fire. When the trouble began on the rebellion would cross from El Paso.

General Gavira, said the execution would be public in order to serve as an example.

PECK'S MURDER AFTERMATH

Mrs. Waite Brings Suit for Divorce From the "Dr."

Grand Rapids—Clara Louise Peck Waite filed suit in the superior court here for divorce from Dr. Arthur Waite. Mrs. Waite charges that her husband's cruelty in that his marriage to her was a part of his poison plot to kill not only her parents, Mr. and Mrs. John E. Peck, but other members of the family, as well as her own.

Mrs. Margaret Horton, of New York, is named as co-respondent. Her husband's cruelty, Mrs. Waite says, began immediately after their marriage. She charges that after her father's funeral she was forced to live from a suite of rooms in the Portland hotel which she occupied with her husband for fear of her father.

She asks that she be allowed to resume her maiden name, Clara Louise Peck.

ITEMS OF INTEREST

Petrograd—The Russian hospital ship "Portugal" was sunk in the Black Sea by a German submarine with the loss of 115 lives.

Berlin—In conformity with a recommendation made by the governor-general of Berlin, it has been decided to permit Serbians interested in Austria and Hungary to return to their homes. They will be forwarded in groups of 500.

Montreal, Que.—Word was received here that Captain Fred Shaughnessy, second son of Lord Shaftnessy, head of the Canadian Pacific railway, had been killed in action. Captain Shaughnessy was an officer in the sixteenth battalion, a Montreal regiment.

Berlin, Feb. 2.—Five children were burned to death in a fire which destroyed the home of Patrick Marlon in this city. The children ranged from 13 months to 20 years of age. The accident occurred in Chicago. A German submarine with the loss of 115 lives.

WET TRAIL OF DRYS

TWO WET COUNTIES CHANGE TO DRY SIDE, BUT LIBERALS HOLD TWO FIRMLY.

SMITH IS GAINING ON RIVAL

Many Counties Have to Be Heard From to Settle "Michigan's Favorite Son."

While the drys won but two new counties in Monday's election over Smith, probably his election after looking at the returns, that the drys show an appreciable secretion of strength. The 13 counties voting dry were wet. The two that were wet and will be dry after the first of May are Baraga and Clark. The first of these had a population of 49,177 and is equipped with 24 saloons. Clark has 9,240 people and four saloons.

These are small counties. It remains to be noted, however, that one of them is in the upper peninsula, proverbially "wet" territory, and the drys have now added their second county to the list above the state. The other is in the lower peninsula, where it is generally dry at the last election. The only other dry the drys made this time above the straits was in Schofield and Delta, in both of which they lost.

DRY AND WET VOTE.

County	Wet	Dry
Baraga, W.	75	75
Clark, W.	1,125	1,125
Delta, W.	1,125	1,125
Ingham, D.	1,458	2,415
Isaac, W.	89	89
Jackon, W.	480	480
Leelanau, W.	1,409	1,409
Mackinac, W.	1,409	1,409
Mecosta, D.	217	217
Ogemaw, W.	112	112
Rockmond, D.	95	95
Schofield, W.	1,125	1,125
Wexford, D.	164	164

The center of interest in the "option" campaign was Ingham and Jackson counties. Ingham is a mercantile city and the excellent organization at work on both sides in the battle. Though they failed to turn Jackson from wet to dry, as they once did, the drys made a gain of something over 500 votes as compared with their last campaign. Ingham they held the county in the dry column and greatly increased their majority. It is reported from upstate that in counties where the drys lost they reveal an increased proportion of strength as compared with previous elections.

Wet Split Gaining.

With complete returns from only nine counties in the state and partial including the entire city of Detroit and 23 townships of Wayne county, Henry Ford is leading the United States Senator William Alden Smith for Michigan's Republican "favorite son" by a majority of 1,195.

Henry Ford, 41,258
William Alden Smith, 41,258
William G. Simpson, 948

The slowness with which the returns are coming in and the closeness of the race indicates that the actual result may not be definitely known as early as the official primary is concerned, until the complete vote is forwarded to Lansing and there counted.

The following counties reported their returns: Anisette—Smith, 1,192; Ford, 682; Hillsdale—Smith, 935; Ford, 682; Hillsdale, 1,278; Ford, 1,702; Isac—Smith, 357; Ford, 574; Emmet—Smith, 1,192; Ford, 574; Emmet—Smith, 454; Ford, 574; Ogemaw—Smith, 75; Ford, 120; Jackson—Smith, 1,888; Ford, 1,266; Oakland—Smith, 1,782; Ford, 4,012.

MICHIGAN MAYORS ELECTED MONDAY

Pontiac—H. J. Lounsbury.
Bozette City—C. G. Schaub.
Hillsdale—T. G. Goodrich and A. E. Lincoln, tied with 410 votes.
Traverse City—A. W. Barkat.
Kalamazoo—H. W. White.
Marshall—Myron E. Gook.
Corunna—Earl Derham.
Yale—George McIntyre.
North Muskegon—Matthew J. McConnell.
West Branch—Henry Schilly.
Potosi—A. B. Kline.
Mackinac Island—Robert Benjamin.
Muskegon Heights—Glenn M. Porter.
Grand Rapids—George P. Tilma.
Marine City—John W. Jones.
St. Clair—Max Jones.
Standish—H. W. Pomeroy.
Omer—J. P. Ballew.
A. Groves was re-elected.

Christian V. Guehl, of Saginaw, a candidate in the city of Lansing, the county treasury \$1,033.13, being the amount to be received as interest from the Commercial National Bank on the so-called special "savings" he took office January 1, 1915.

A formal request for a revision of working and wage schedules, including the establishment of an eight-hour day, was made by the union representing the various railroad organizations whose members are employed by the Michigan Central.

Mrs. Elsie Jane Winslow Lind, a candidate in the city of Lansing, was named as private in the colonial army during the siege of Boston, an corporal and sergeant in 1777, and as second lieutenant in 1781, died in Traverse City last week.

Loewie Walters, eight years old, lost her balance while playing on the St. Joseph river bridge and drowned. There is no rating on the bridge and several hours before the body was recovered, owing to the flood water.

STATE CAPITOL

THE REMOVAL OF A TELEPHONE MUST NOT BE MALICIOUS SO SUPREME COURT SAYS.

ACCIDENT BOARD DECISIONS

The Supreme Court Makes Some Important Rulings On Compensation for Injured Men and As to Telephone Service.

[By Gurd M. Hayes.]

Lansing.—In a decision rendered the supreme court reversed the judgment of the circuit court in the case of Verdo D. Harbaugh, doing business as the Electrical Service company, a citizen of Michigan, against the Citizens Telephone company of Grand Rapids and it then set the ruling of the supreme court will have an important bearing on similar controversies in the future. From the record it appears that Harbaugh's telephone was disconnected by the Citizens company February 5, 1915, it being alleged that he was in arrears. Harbaugh brought suit against the company for \$5,000, asserting that his telephone was disconnected for a week and that his business suffered as a result. The circuit judge awarded Harbaugh the rental covering a period of seven days, but Harbaugh declined this offer and the circuit decided in favor of the telephone company.

The case was appealed to the supreme court, where a new trial was ordered. A review of all the cases upon the subject, leads us to the conclusion that in the absence of evidence that the telephone company acted recklessly, or maliciously in interrupting service, Harbaugh cannot recover any damages except for the cost of the telephone. His actual damages may, however, include a just compensation for such annoyance and inconvenience that in the absence of evidence that the telephone company's act was willful, the company's unlawful act.

The contention of the Citizens Telephone company that Harbaugh's contract with the telephone company was not removed, is not tenable. The contract itself provides that by paying 75 cents additional, the subscriber may pay his quarterly rental in advance. It is stated that the removal occurred on the 5th of February, and was therefore unwarranted according to the terms of the contract.

Some Accident Decisions.

On the ground that his injury did not result from the time he lost his employment, the supreme court decided that John Kennedy has no right to demand compensation from the Sterns Salt & Lumber company, because at the time he was injured he was a forest fire under the direction of the state forestry warden. Kennedy was employed with a railroad construction gang as a laborer on the payroll of the Sterns Salt & Lumber company. While thus engaged a fire broke out and he was injured while fighting a forest fire. While fighting the fire he was injured by a log falling from the industrial accident board decided that the Sterns company should pay him \$5.02 per week for a period of 104 weeks.

The decision of the accident board in the case of James F. Robbins vs. Original Gas Engine company of Lansing was affirmed. Robbins sustained injury to his right arm while engaged in public purposes. Six schools, two hotels and one church were destroyed.

According to Fire Marshal Winslow the totals for the quarter just ending are 26 dead and 88 injured in explosion-caused fires. In the same time 18 schools, 10 hotels and 3 churches were destroyed.

Give Statement on Costs.

With reference to the statement as to expenditures of state departments, the legislature has passed a resolution in expending during the past decade, the state banking department has issued the following statement: There were during the year 1914-15 252 state banks and trust companies with aggregate footings of \$209,585,891.64. The law that that time required but one examination a year, or 252 examinations, each examination cost \$87.12.

According to the last report of the state banking department, there were during the year 1914-15 252 banks in Michigan, with aggregate footings of \$485,740,242.64. The law now requires two annual examinations of each state bank.

During 1915 the department made 978 examinations at a cost of \$80.25 per examination. In 1905 the average bank footed about \$748,000. In 1915 the average bank footed \$959,000. The above shows that the increase in number of examinations equals 216 per cent, with an increase in assets examined of 29 per cent, and a decrease of 77 per cent in the cost of examining each bank, notwithstanding the average size of each bank has increased during the period 33.5 per cent.

Petrograd—General Chouvaloff, the new minister of war, is regarded as especially fitted for his new post. He has seven years' experience as chief of the quartermaster's department. The minister of war is less concerned with active field operations and devoted to his duties more to get his war supplies.

Ottawa, Ont.—Sir Robert Borden has announced a resolution of the House of Commons, providing for the appropriation of \$24,000,000 for the coming fiscal year.

slower Winslow, to succeed Robert K. Orr, who tendered his resignation. Durand has been assistant deputy to Durand's commissioner. Donald A. Baker, of Ironsides, assistant secretary in the insurance department, will succeed Durand as assistant deputy.

According to Commissioner Winslow's report made to the advisory board of the state accident board, he indicates that the fund is in first class condition and growing steadily, and it is Winslow's opinion that the proceeds are ample for its future needs.

"The Michigan fund stands unique in this country among all state funds, not only in the character of its subject matter, but in the thoroughness of its protection and fairness in settlement of claims, both of which have been tested time and again by the Insurance Accident Commission," said Commissioner Winslow.

Republican State Convention.

At a meeting of the republican state central committee held Tuesday afternoon, at which every member of the committee was present, either personally or by proxy, it was unanimously decided to hold the republican state convention in Lansing, Wednesday, May 3. The county convention where delegates are to be elected to the state and district conventions will be held in the various counties of the state April 18. Arthur Vandenberg, of Grand Rapids, will deliver the keynote address and will continue as temporary chairman at the state convention. The principal business of the spring convention will be the election of delegates to the national republican convention, Michigan is entitled to thirty votes in the national convention. Two delegates will be elected from each of the thirteen congressional districts and four will be elected in convention. The state convention will also elect a chairman of the republican state convention, and a committee to nominate electors and ratify the nomination of national committeemen. There appears to be little concern as to the candidates for the state representative of the Michigan delegation. Unless Justice Hughes refuses to accept the nomination, many members of the committee privately expressed the opinion that Michigan's thirty votes would be thrown to Hughes on the second ballot at the national convention.

The Auto Tax Again.

As a friend of the court, Fred A. Baker, Detroit attorney, has filed a brief in supreme court in support of a claim that the automobile tax law cannot remove from the city assessment rolls, the personal assessments on motor cars. Mr. Baker presents a contention which Harry J. Dingeman, Detroit attorney, has been offering: that the law may be upheld as a license act and that the portion of it providing for the removal of the tax from the city assessment rolls, is unconstitutional. He says that Mr. Dingeman's claim that the law attempts to deprive a school money from its proper use is unavailing.

Explosives Cost Ten Lives.

Useless use of kerosene, gasoline and other explosives cost 10 deaths in Michigan in March, according to a report made public by the state fire marshal.

In addition, 17 persons were seriously injured.

Of these deaths, six were children, between the ages of one and seven years, who met death in their homes during the absence of their parents.

The fire loss for the month was \$2,000,000. The loss in the public purposes, six schools, two hotels and one church were destroyed.

According to Fire Marshal Winslow the totals for the quarter just ending are 26 dead and 88 injured in explosion-caused fires. In the same time 18 schools, 10 hotels and 3 churches were destroyed.

HE HAS GRAIN CROPS

And Likes the Laws in Western Canada.

I lived near Lee, Illinois, for 46 years. I came to Saskatchewan in the spring of 1912 and bought 160 acres of land. I have farmed this land, 1600 acres, ever since. I have had a great crop in 1914 and the best of wheat that yielded 40 bushels to the acre. I sold this wheat at \$1.00 per bushel in the country market.

There is No War Tax Section (160 Acres) in this country. I have no insurance tax—everything. There is no tax on so-called. I like the law. There is no income tax. I have never been in any way in a military. I feel that my family and I are just as protected by the laws of the province as we are in any other part of Illinois. When I earn here is my own. I have never been in any way in a military. I have never been in any way in a military. I have never been in any way in a military.

We reprint the following article, complete, without comment, from the most recent issue of the "Saskatchewan Farmer" an article by the author listed at Moose Jaw, Saskatchewan.

The attempt to force upon the Canadian farmer a "Daring" State is a practice which is being published in the statements about the farming laws that are being paid for \$500 on a quarter section yearly about forcing upon the farmer the law about the law of the land. It is a very old story that by its extraordinary boldness might influence him and tempt him from north to south to the south of the border to exploit his people. Knowing the country, we can hardly take it seriously. Our government, however, duplicitous and hypocritical in its attitude, expects the false statements that are being made and thereby keep the farmer open for continuing the stream of settlers that are coming to the land for the past decade—Advertisement.

Former Secretary of the Government in a Canadian war argument: "Ignorance" Military ignorance. Why, it's as bad as the etymological dictionary in the Canadian dictionary. A young man was practicing a Philadelphia restaurant to a Canadian girl. "It's so famous popular," he said, "that it's really in the top of the top three days in advance. They're laughing and added. But they feel you so well that it's worth while to go through the law of the law."

It would be better to go to the top of the top three days in advance. They're laughing and added. But they feel you so well that it's worth while to go through the law of the law."

Big families are the exception now instead of the rule. But there is the standard family of a Woodstock, 12 children, the household. Last year the birth rate is the percent of twenty-four children. The last, but probably not least, of his stock has just arrived, and the mother is the father of twenty-one children and three boys, and has been married twice. It is sixty-two years old, and she is but twenty. She is a splendid thing, her youthfulness, she is the mother of five children.

Calla "Hobbit" a Disease. "Hobbit" is not a habit, but a disease," says the Rev. John A. Gray, B.D., director in sociology in the department of the University of Michigan. The prevalent generalization is his assertion on a two-weeks' investigation of the habits of the people of the world, which he lived among for three days in each country.

Three most coffee drinkers were my school friend and her two daughters. "They were always complaining and taking medicine. I determined to give them Postum instead of coffee. The first time they visited me, so without saying anything to them about it, I made a big pot of Postum the first morning. Before they had finished their coffee, the coffee passed up her cup to be refilled, remarking how fine the coffee was. "The mother asked for a third cup and inquired how it was. "I didn't answer her question just for that, I heard her say a while before that she didn't like Postum unless it was more than half coffee."

"After breakfast I told her that the coffee she liked so well at breakfast was pure Postum, and the reason she liked it was because it was properly made."

"I have been brought up from a nervous, wretched invalid, to a fine condition of physical health by leaving off coffee and using Postum."

"I am doing all I can to help the world from coffee slavery to Postum. Postum is the best of all coffee substitutes of many, many friends." Name given by Postum Co., Battle Creek, Mich.

Postum Great! The official form—must be well filled. 15c and 50c packages.

Postum is a soluble product. Dissolve quickly in a cup of hot water, and will cream and sugar, makes a delicious beverage instantly. 30c and 50c packages.

Both forms are equally delicious and cost about the same per cup. "There's a Reason" for Postum.
