PAIGE

The Standard of Value and Quality

You Must Place Your Order Now If You Want "Immediate Delivery"

Once again, we must urge you to act quickly in placing your order for a Paige Fairfield seven passenger "Six-46."

Don't delay. Don't put the matter off one day longer than is absolutely necessary if you would avoid disappointment later on.

Already the factory is flooded with orders for this wonderfully popular model.

Despite the fact that our manufacturing facilities have been tripled, we are facing an immediate shortage of Fairfields, and the spring retail season is only a few weeks off.

Just stop for a minute and consider the significance of the statement when we tell you that, so far in 1916, we have marketed more seven passenger cars than any other manufacturer in our price class.

Also, ponder over the fact that during March we shipped 25 solid train loads of the Fairfield model exclusively.

Last year, you will remember, there was a long Paige "waiting list."

Hundreds of people delayed their purchases until the last minute—and were then compelled to accept sixty and ninety days delivery—or compromise on a "second best."

So, be fair to yourself. Protect your own good interests. Go to the Paige dealer—place a cash deposit in his hands—and make sure that you will receive the car of your choice.

It is by no means our purpose to "stampede" motor car buyers into early or ill-advised purchases, but we know that a shortage is coming and offer this information in a sincerely helpful spirit.

And now let us say a word about the car itself.

First and foremost, we want to remind you that the Paige Fairfield "Six-46" is a tried and proven success.

When you buy a Paige "Six-46" today, you are buying a car which has passed the experimental stage. You are buying a car of known quality—known ability.

In a word, the "Six-46" is an eminently safe automobile investment.

It is a good car—not merely because we say so—but because its owners have conclusively established this goodness in the gruelling tests of more than a year's actual road work.

Here, then, is one substantial reason for the overwhelming demand which the "Six-46" enjoys. And there is another—a basic reason which has made this record possible.

Time and time again, we have stated our policy of scrupulously avoiding any expression in Paige advertising which might savor of exaggeration or misrepresentation. We make an honest product and we propose to sell it in an honest way.

But, facts are facts, and we boldly and fearlessly claim that the Paige Fairfield "Six-46" represents more actual dollar-for-dollar value than any other motor car on the market.

If this appears to be a broad statement we invite you to check us up by inspecting the car, riding in it, and conducting any comparative investigation which you may care to make.

Understand, we do not claim to make the only good motor car, nor do we ask you to believe that our Fairfield is the best American make.

But we do most emphatically insist that the "Six-46" offers a greater value for its price—$1295—than any other automobile produced in this country or abroad.

Furthermore, you will heartily agree with us if you will permit the Paige Dealer to give you one thorough demonstration—just one.

But, please don't forget—you must act quickly. Get your order in now—before it is too late.

Valuable Employes.

"I never hear of Walker, the pedestrian, any more. What's become of him?"

"He's working for a real estate concern, establishing records between the houses they sell and the station. When they tell a man a house is ten minutes' walk from the station, they are in a position to prove it."

Ingrate.

A Birmingham man is suing a motorist who ran over him. Is it possible that there is a man in all this country so devoid of gratitude as not to be thankful to the motorists that he is permitted to live?—Nashville Banner.

Rub With Paper.

By rubbing the bathtub with crumpled newspaper as soon as it is thoroughly dry, every bit of grease, soap, lint and the marks from the water will be easily and quickly removed. It is not necessary to do any scouring if the tub is smooth, but it is quite necessary that it be dry.

Acquiring an Education.

Nobody ever drifted into an education. Conscious effort to direct one's reading and thinking into the best channels is an absolute requisite. Choice must be made of books, of friends and of pleasures. One cannot read trash and think literature.—Amos R. Wells.
