

"That's just what I always wished a cigarette would do—satisfy!"

The feature of Chesterfields is that they begin where other cigarettes leave off.

In other words, besides pleasing the taste, Chesterfields go further—they satisfy! Just like a long drink of cold water satisfies when you're thirsty.

And yet, Chesterfields are MILD!

It's Chesterfields or nothing if you want this new cigarette delight, because no cigarette maker can copy the Chesterfield blend—an entirely new combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

The gambling of shales is often witnessed by sailors and fishy says that any observer of fish must acknowledge that they are as happy and contented as the human race. They know not what to do with themselves. Their attitude and frolics are simply the effect of an excess of spirits.

Welcome Each Rebut.
It is said that unless the clay is well panned, no potter can be made. This seems to be true in certain cases of the making of life. When we think how many blows one is quite certain to have, and how many are attendant in the University of Life, it is not surprising to realize that these hard things must be part of the process of making us fit for use.

Remarkable Success of Talented Physician in the Treatment of Chronic Diseases
Offer Services Free of Charge

The United Doctors Specialist, licensed by the State of Michigan for the treatment of all diseases, including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to friends and so prove to the sick and afflicted in every city and locality that at last treatments have been discovered that are reasonably sure and certain in their effect. The United Doctors are experts in the treatment of chronic diseases, and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle. Diseases of the stomach, in weight, liver, blood, sciatic nerves, heart, spleen, rheumatism, kidney, tapeworm, diabetes, weak lungs, and those afflicted with long-standing, deep-seated chronic diseases, that have nullified the skill of the family physician, should not fail to call. Success has often been cured in 60 days.

According to their systems no more tumors, galls, piles, gallstones, gallbladder, sciatic, etc., as all cases accepted will be treated without operation or any form of incision, as they were among the first in America to bear the name of "Blood Sangers" and to have the honor of being the first to bleed and with all pain in the successful treatment of these dangerous diseases. No matter what your ailment may be—no matter what others may have told you—no matter what expenses you may have had with other physicians, it will be to your advantage to see them at once. Have it foreseen, settled in your mind. If your case is incurable they will give you such advice as may relieve and save the disease. Do not out off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you. Worn-out and run-down men or women, no matter what your ailment may be, call—it costs you nothing. Remember, this free offer is for this visit only. Married ladies come with their husbands and infants with their parents. Laboratories, Milwaukee, Wisconsin

DODGE BROTHERS
MOTOR CAR

It is interesting to stop and recall how many good things you have heard of the car and how very few of the other sort.
It is not over-stating the case to say here that the very first 22-months production did not develop a single serious fault. This notable achievement amply justifies public confidence in Dodge Brothers as close and careful manufacturers.

The gasoline consumption is unusually low. The price of the Touring Car or Roadster complete is \$1760 (f. o. b. Detroit).

POLITICAL ANNOUNCEMENT.
Upon the advice of friends I offer myself for reelection. Beginning in 1872, I have always voted the Republican Presidential ticket, except in 1912.
The work of two counties was voluminous and hard. The first 10 years, the salary was \$1,000.00 less than now, with all hotel bills at Lapeer, and railroad fare paid out of it.
It seems but fair to allow me to enjoy for a few years the lighter work of one county, and the living at home.
In my conduct of the work of this Court, I know of nothing to conceal—nothing requiring explanation—nothing for which to apologize. Mistakes must sometimes occur in the hurry of such a Circuit, but here they have been below the average of other Circuits. No one can truthfully charge dishonesty nor unfairness to client or lawyer, and I have been always on the job.
I pride myself upon having saved the tax-payers many thousands of dollars in the aggregate by energy and efficiency in the conduct of jury trials. Ask the members of the bar as to the above, or the jurors. I will gladly abide by their verdict.
When the Circuit was divided the Lapeer Circuit (Congressman Cramton's paper) used this language: "For the past 20 years he has been Judge of the Lapeer Circuit Court. His work has been of a high order. He leaves with the good wishes of the bar and people. He is a man of unquestionable integrity and a master of the law of evidence and practice. He has made a good judge here."
The nomination is by primary in March. A personal canvass cannot be made, nor personal visits to voters unless the Court work is neglected.
I must therefore ask my friends to take care of my campaign, and I have confidence that they will.
GEORGE W. SMITH.

NOTICE OF MEETING.
To Whom It May Concern:
It is known that on the 15th day of November, A. D. 1918, an application was filed with James S. Butler, County Drain Commissioner of the County of Oakland for the cleaning out in Troy, Mich. of the certain drainage ditches, to-wit: Cassell Drain, as previously located and established; that said drains were in the townships of Troy and Bloomfield, and therefore the power vested in me by the statute in connection therewith, I hereby designate that on the 15th day of December, A. D. 1918, at two o'clock in the afternoon at the Village of Birmingham and County of Oakland, Michigan, I will meet and take action determining whether or not said drains are in need of cleaning and whether it is necessary and advisable to publish the health, convenience and safety of the public, and to assess for the same, and to assess for benefits or whose lands may be traversed by said drains may appear for or against said drains, proceed, and are notified to meet and offer their reasons why said petition or prayer should or should not be granted.
JAMES S. BUTLER,
County Drain Commissioner of Oakland County, Michigan.
Dated this 7th day of November, 1918.

Præcocious Youngster.
One day Charles' father was sitting by the window reading his paper when he felt his son lean against his knee. As he lowered his paper and looked at him the little fellow said: "See, papa, let's get out with the guys. I am tired of staying around here with mamma all the time."

"Any way I can get an acorn."
