TEUTONIC POWERS WILL TALK PEACE

FOLLOWING IS A FULL TEXT OF THE NOTE DELIVERED BY GERMANY TO ENEMIES.

BASIS FOR LASTING PEACE

In Spite of This Offer of Peace and Reconciliation the Struggle Will Go On to a Victorious End.

Berlin, by Wireless to Sayville, N. Y.
Following is the full text of the peace note addressed by Germany and her allies to the hostile governments:
"The most terrific war ever experienced in history has been raging for the last two years and a half over a large part of the world—a catastrophe which thousands of years of common civilization were unable to prevent, and which involves the most precious achievements of humanity.
"Our aims are not to shatter nor annihilate our adversaries. In spite of our consciousness of our military and economic strength, and our readiness to continue the war, which has been forced upon us, until the bitter end, if necessary, at the same time prompted by the desire to avoid further bloodshed, and make an end to the atrocities of war, the four allied (Teutonic) powers propose to hasten forthwith into peace negotiations.
"The propositions which they bring forward for such negotiations, and which have for their object a guarantee of the existence of the honor and liberty of evolution for their nations, are, according to their firm belief, an appropriate basis for the establishment of a lasting peace.
"The four allied (Teutonic) powers have been obliged to take up arms to defend justice and the liberty of national evolution. The glorious deeds of our armies have in no way altered their purpose. We always maintained the firm belief that our own rights and spiritual claims in no way control the rights of these nations.
"The physical and material progress, which were the pride of Europe at the beginning of the Twentieth century, are threatened with ruin by Germany and her allies, Austria-Hungary, Bulgaria and Turkey, of whose unprovoked strength in this struggle they gained gigantic advantages over adversaries superior in numbers and war material. Our lines stand unshaken against ever repeated attempts made by enemies.
"The last attack in the Balkans has been rapidly and victoriously overcome. The most recent events have demonstrated that further continuance of the war will not result in breaking the resistance of our forces, and the whole situation with regard to our troops justifies our expectation of further successes.
"If, in spite of this offer of peace and reconciliation, the struggle should go on, the four allied (Teutonic) powers are resolved to continue to a victorious end, but they disclaim responsibility for this before humanity and history.

DEUTSCHLAND IS HOME AGAIN

Made the Return Trip in Nineteen Days—Having Bettered Her First Voyage Four Days.

Berlin by wireless to Sayville, N. Y.—The German commercial submarine Deutschland, completing a quick trip, home from the United States, arrived at the mouth of Weser, near Bremen.
The arrival of the Deutschland marks the completion of the second round trip of the undersea commercial boat to the United States. On her voyage she just finished she made the passage in 19 days, having left New London November 21. This bettered considerably the record of her previous eastward trip, which, starting from Baltimore took her 23 days. Her two westward voyages occupied respectively 16 days and 21 days.
The Deutschland, which is the only commercial craft of her type that has succeeded in reaching this country from Germany, her sister ship, the Bremen, having been lost on her outward voyage, was forced to make two starts from New London on this return trip.
On her first attempt, November 17, she collided with an escorting tug and had to put back to port. She was not badly damaged, however, and was able to put out again four days later without mishap.
The Deutschland, on both of her trips, brought valuable cargoes, chiefly of dye and chemicals. On her present voyage she took a cargo estimated at \$2,000,000 in value and official mail to Germany.

Mrs. Frank Wheeler, 122 Belden street, Jackson, and her two children, Homer and Nellie, 2 and 5 years old, were last night buried when a gasolene stove exploded while the mother was filling it. It is believed they recovered.
There is one new case of mumps developed at Ann Arbor. Miss Rhoda Seybold, a high school girl, has the disease, making seven cases since last Saturday. No students in the university have had the disease or show symptoms of it since the outbreak.
Marietta O.—Marietta has voted 477, 316, 277.
Education—Educational institutions approved by the war department for the registration of reserve infantry officers training camps include the state universities of Arkansas, Washington, Wyoming, Vermont, Nevada, Louisiana, Ohio, Florida, Michigan, and Mississippi. At all three arms of the service will be represented, and at Michigan university, Northfield, Vt., a cavalry unit will be organized.

The head of the grand army of France resembles (organ and Grant, remarks "Gleaner" in the Philadelphia Ledger. "In the war with Russia the supreme commander of the Japanese often went off in solitude to fish. His subordinates interpreted that as a good sign."
Gen. Horace Porter, who was on Grant's staff during the last year of the Civil war, said that the Union highballs did a lot of whittling in the Wilderness campaign. When he whitened he was thinking

MOST FAITHFUL OF FRIENDS

of a tinker whom he has followed in all weathers. Your dog does not regard your clothes nor explore your pockets. He takes you on faith—blind faith; you are his king, his father of wrong. He reads his heaven on earth in your approving countenance.
No ribbon or medal can take the measure of the sentiment of the true dog lover toward his most faithful friend of all. When the rest of the world is cold and hard, his dog will still rejoice to meet him when he comes home at night. His dog will think no evil, whatever the master may do. It is a wonderful thing for a man to experience a trust so absolute and so unfeeling. Who shall call it a dumb brute whose eyes and paws are so eloquent and whose lone speech is a look?
