Word of Caution.
 "May I say just a word before you impose sentence?" asked the street fellow maginate. "Well, what is it?"
 "Why, then, should any bank expect an individual to deposit money with it unless it is willing to let the individual know all about its financial condition?"

PAIGE

The Standard of Value and Quality

You Know the Worth of This Paige

Here is the Paige Fleetwood "Six-38". It is the five-passenger Paige—and its price is \$1050. The beauty, the luxury, the elegance of the upholstery you can see for yourself.

The POWER, the flexibility, the buoyancy and liveliness of this motor will amaze and thrill you when you ride in this luxurious five-passenger car.

So, first consider the car. Then consider the name, the prestige, the guarantee, the national supremacy of the Company back of the car.

You KNOW that there are no new, radical unproved engineering theories in Paige Cars. You KNOW that Paige refuses to market an experiment.

You KNOW that, being a Paige, this Fleetwood "Six-38" is just as sound, just as supreme in value and quality as the Fairfield "Six-46" (\$1295) which is admittedly without a superior in the Light Six field.

You KNOW that Paige is best and, therefore, the safest, soundest, sanest investment.

The cost of labor and materials is constantly increasing. But Paige flatly refuses to compromise! Paige Quality.

Of one thing you can be certain. The price of the Fleetwood will never be less than \$1050 and the price of the Fairfield will never be less than \$1295. But we cannot undertake to guarantee against an advance. Therefore, for your own protection we urge you to buy your Paige NOW.

Five-passenger Fleetwood "Six-38" — \$1050.
 Seven-passenger Fairfield "Six-46" — \$1295.
