## Not Only Cool Light==

But cool, comfortable ironing days. With electricity in the house you can save yourself the exhausting labor of ironing days—the hot kitchen fire—the endless walking to and from the stove. The electric flat iron requires no kitchen fire lyou simply attach it to the lamp socket] and you don't have to walk a single step—it stays hot.

Let us show you for how little cost you can secure the advantages of electric service in your home.
