

ty's sound financial nature is being... The trust and mortgage companies... the large implement concerns and the wholesale merchants all tell the same story of marked improvement in their business. The farmers and others are meeting their just dues and paying off debts that in many cases have been long overdue. They are better today than they have been since the most prosperous days of our history, and obligations are being met freely and promptly.

New Styles in Tailored Suits

Get on His Nerves. I understand you have moved your office. I like to get away or suffer nervous breakdown. That was the matter. I was not doing it at a palatial hotel and I couldn't stand the yell of his patients.

BILIOUS, HEADACHY, SICK "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box. Sick headache, biliousness, dizziness, constipated bowels, flatulence and foul breath—ways trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogs the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and has dull, throbbing, sickening headaches. Cascarets immediately cleanse the stomach, remove the sour, undigested food, and then gently take the accessible matter from the liver and carry out the constipated waste matter and poisons in the bowels.

One Result. "Is this place really hot with hot air?" "No, but it will be when you try to get the landlady to put in for you." MEAT CLOGS KIDNEYS THEN YOUR BACK HURTS Take a Glass of Salts to Flush Kidneys if Bladder Bothers You— Drink Lots of Water.

One-piece towns, developed in accordance with the new individualism decreed by fashion, are quite charming—soft trim waists, fitted bodices and spreading lines below the waist. It is somewhat difficult to reconcile the modern two-piece tailored suit with this revival of styles which antedated by many years. It takes delicate adaptations even of the light weight fabrics for spring to accomplish tailored suits that do not lose character by conforming to the lines now in vogue.

where the waist line is unbroken. The sleeves are notably original in cut and are finished with flaring, turned-back cuffs neatly bound with a narrow braid. The same finish outlines the collar that is cut flat about the neck and is high in the back. There are wide reverse and, cat fastens to one side with three buttons that extend from the waist line downward. They are joined to three buttons set opposite to them on the panel, by narrow braid. Smaller buttons are set on the sleeves and they are further decorated with braid.

Some of the new suits are finished with smart rows of stitching. Novelty buttons and pockets come in for conspicuous attention, and short capes bear the prestige of the favor of Paris to give them assurance. There is a variety in everything but outline. Even in this regard the tailored suit will be allowed a certain degree of indifference to the mode and need not attempt the grand ampleness that marks other gowns.

no man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, say, a walkman, authority, which forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter out poisons from the system. Then we get sick. Nearly all rheumatism, headaches, liver trouble, perspiration, dizziness, sleeplessness and urinal disorders come from sluggish kidneys. The moment you feel a dull ache in the kidney or your back hurts or if there is a cloudy, offensive, full of sedimentary, irregular or stoppage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy. Take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, to neutralize the acids in the blood and to break up uric acid, thus ending bladder weakness.

The Seventh Age of Man. "He is a very old man," "Well, he is in his second epoch."

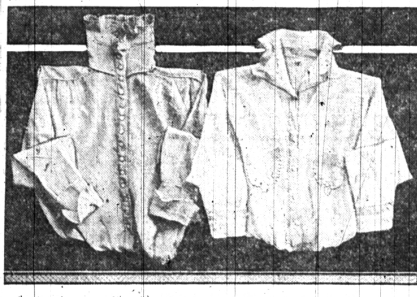

FRECKLES

Now is the Time to Get Rid of These. There is no other, the slightest need of elaborate removal. Double strength... should get an extra dose. Double strength... should get an extra dose. Double strength... should get an extra dose.

FOR THAT SORE RAW THROAT

Relief in Every Rub. Try this—results are certain: Just rub it on your neck and throat. It is a sure relief. It is a sure relief. It is a sure relief.

Popular Styles in Utility Blouses

Among the great diversity of styles in new utility blouses offered for spring, those that are meeting with best success are of good materials, well made and of simple design. The new lingerie, much resorted to as decoration is noticeable in this model. All the seams are hemstitched and the collar is set on with it. The back is cut to extend over the shoulders to form the short yoke at the front. A group of fine tucks extends from the neck to the waist line at the back and from the yoke to the line of the bust on each side.

Home-made Spool Molder. A simple yet handy article to hold the spool when crocheting or sewing may be made from a hairpin. Take a couple of hairpins and bend the two ends in towards each other. Insert the ends of the pin in the ends of a spool. Slip the head of the pin over the handle of your spool. The spool will turn as the thread is used. There is no tangling of thread or slipping of the spool to the floor.

Russian Coats. Russian evening coats of rich brocade, with immense borders of fur, are delightful and picturesque garments.

Kit for Travelers. No more will the weary traveler have to hang her handkerchief across her window pane to dry. For her convenience there comes the most complete kit you ever saw. It is made of an oblong piece of tan linen. The liner is divided in half. On one side another piece of linen is stretched to form a pocket. Inside the pocket is slipped a piece of cardboard, around which is wound a generous piece of twine. To the end of the twine is fastened a glass-lined back by Dr.

Seen and Heard in Michigan

Peetosey.—F. M. Cory motion picture man, died here suddenly of hemorrhage of the stomach. Constable.—(J. H. Watson a local jeweler was badly burned when an alcohol lamp exploded, being his coat. The Wheat Yield Tells the Story

Western Canada's Rapid Progress

The heavy crops in Western Canada have caused new records to be made in the handling of grain by railroads. For while the movement of heavy shipments has been wonderfully rapid, the resources of the different roads, despite enlarged equipment and increased facilities, have strained as never before, and previous records have thus been broken in all directions.
