Don't Overlook

the MONEY

Better Service to You

We don't want you to think of the First National Bank just as a place to depost your money, although of course we are glad to have you keep as large a balance with us as is possible. It is, our desire to render our patrons every service and ac-commodation that can be reasonably be expected from us.

The Burroughs Book-keeping Machine, which we have just

added to our equipment, makes it possible for us to give you better service in the handling of your account than ever be By the machine method, your account is kept in balance all

the time. If, as sometimes happens, you want a statement of your balance in a hyrry, we can give it to you, including to day's checks and deposits, in less than five minutes.

A neatly-printed statement made out on the Burroughs, goes to each depositor every month. This statement shews all checks and deposits and gives the balance of your account to date, taking the place of the tedious and unsatisfactory plan of calling in and balancing pass books.

The machine affords absolute protection against errors in figure handling. It can't make a mistake. You can always be sure that your machine-figured balance is correct.

The increased speed, accuracy and protection of this me chanical book-keeping system, added to our thorough knowledge of good, consistent Banking methods, makes it possible for] us to offer you an improved service that is equal to that furnished by the countries most progressive Banks.
