A big new discovery in cigarette blending

The big thing about Chesterfields is their unique blend. The Chesterfield blend is an entirely new com-bination of tobaccos. This blend is the most important new development in cigarette making in 20 years.

As a result, Chesterfields produce a totally new kind of cigarette enjoyment—they satisfy! Just like a "bite" before bedtime satisfies when you're hungry.

But with all that, Chesterfields are MILD, too!

This new enjoyment (satisfy, yet mild) comes ONLY in Chesterfields because no cigarette maker can copy the Chesterfield blend.
