#### Attendance Steadily Increases and Greater Interest is Shown Every Night at Meetings.

The Evangelistic, Meetings in the Hillis Campaign being conducted in the Tabernacie on the corner of Rates and Marten are now in full swing. The congregations in attendance have been increasing steadily and the interest is greater every night. It was a rare meeting last Sanday evening, and after a good strong sermon and appeal based on the text: "Where Art Thou?" a number expressed their desire to lead a furnistian life, and many more made number expressed their desire to lead a Christian life, and many more made the resolve to be more in earnest in Christian life and living than ever be-

Christian life and nying than refore.

The interest is not confined to the Tabernacle meetings, but is, being remarkably-manifested in the daily prayer. And it is here, we believe, that the pewer really is. No one-can attend these meetings in the mornings in the homes of the people without being impressed by the single earnestness stemfaved by all concerned in the salva ayed by all concerned in the salva displayed by all concerned tion of the souls of others.

The gathering for women last Saturday, led and addressed by Mr.a. Hillis, was well attended, and the women of Birmingham were moved as seldom before. ## Garrick Theatre.

Life, löve, and yöuth, that etermil triangle, that is an old as the acons of time, will again be most charmingly pictured at the Garrick Theatre, Betroik, by that presenter of hewitching musical comdeles, Arthur Hammerstein, by his newest production, "Katinka." This play, with its delightful music by Rudolf Frimi, Its. aparkings comedy by Otto Hauerbach, its deliciously captusting lyrics and sprightly dances has made an impression on the atregorae both here and in the easters and western metropolis. And/its beauty and charm still ingers in the memories of its former beholders at Detroit's most feautiful playbouse, leng after-other musical comedies had been forgotten. Manager Hammerstein always was on the lookout for newdites, has within this production a sendation the like of which has never been on the stage and to say that it will again capture its audiences during its second local presentation here would be putting it middly for its his long.
