**Catarrahal Deafness Cannot Be Cured** by local applications, as they cannot reach the seat of the catarrh. There is only one way to cure catarrhal deafness, that is by the use of catarrhal tubes. Catarrahal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing and when it is entirely closed deafness is the result. Causes of inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh which is a local condition of the mucous membrane. Hall's Catarrhal Medicine acts thru the Eustachian Tube. It will give one one hundred dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrhal Medicine. Circulars free. All Druggists. T. A. Chimes & Co., Toledo, O.

**The Old Story**

The accumulation of money has been a subject of interest throughout the centuries. At every decade the old story of wealth and financial power is related.

Seldom does a year pass that a few men do not become possessed of a vast amount of wealth. Every century records its money kings.

During all these years a majority of people have not attained a vast amount of money. Yet millions have enjoyed a wealth of happiness and comfort. Through thrift and economy millions have become financially independent.

Happiness, financial independence and comfort mean wealth. It is within the reach of all.
