The Most Beautiful Car in America

Next Week Paige Prices Advance

On next Sunday—July 15th—the list price of every car in the Paige line will be very substantially increased.

In order to maintain the well-known stand ards of Paige quality, such a step is unavoidable. The market quotations of all raw materials, accessories and labor have steadily advanced—some commodities to the extent of 300 per cent.

Owing & the scarcity of materials, our production between now and July 15th will necessarily be limited. We have apportioned this production to Paige dealers throughout the country, and they will accept orders until their individual allotments are exhausted.
