

RED CROSS CALLS BIG TOWN DRIVE

For More Workers in Birmingham. Harper Base Hospital Unit No. 17 Will Soon go to France.

Harper Base Hospital Unit No. 17, under command of Lieutenant Colonel Angus McLean, is ready for service, and any day we will learn of their transfer to a training camp, or of their arrival in France.

The following is a complete list of the supplies which have been made at Birmingham Red Cross headquarters, since April 1, and are a part of the Harper Base Unit equipment which provides for 600 beds:—100 hospital sheets, 200 hand towels, 15 trench caps, 70 pajamas, 33 shirts, 20 pairs woolen socks, and a large quantity of surgical dressings.

Colonel McLean has complimented Mrs. Harris and her committee on the creditable showing Birmingham has made, and the fact that the quality of the work has been so highly commended, certainly reflects great credit on the Red Cross workers.

The needs of our country are very different to-day from conditions even a few weeks ago, and the time has come when it seems necessary to make an urgent appeal to every man, woman and child to do their part in helping our fine big volunteer organization, "The American Red Cross Society," to whom we must look for the care of our soldiers and sailors who are already at the front and every day more are being called in to active service.

An average of one of our base hospital unit will go to Europe with very 20,000 American soldiers.

This means constant work for those who stay at home, if the American Red Cross is to do the relief work, it can do if we stand back of it with service or with money.

Mrs. N. T. Shaw, chairman of the work committee, is in need of more workers at Red Cross headquarters. Those who can plan to go there regularly should avail themselves of the opportunity at once.

Those who are unable to work at headquarters can help the Finance Committee, for with these funds supplies are purchased for Red Cross work and other necessary expenses are met.

Mrs. F. A. Gordon, chairman of the Finance Committee, wishes to announce that a card party and fund sale are to be given in the near future for the benefit of the Red Cross.

Mrs. George R. Ferguson, chairman of the Red Cross Committee, is in need of workers on her committee. Will those who can assist, kindly phone her so that she may be able to arrange their work. Classes in "First Aid," under the direction of Dr. Geo. P. Kaynala, are to commence June 12, and will be held on Tuesday, Thursday and Friday afternoons at 3 p. m., at Red Cross headquarters. Ten lessons will be given. All who are interested are asked to phone Mrs. W. C. Harris or Dr. Kaynala.

Anyone having a Red Cross membership tag may exchange it for a button or pin at Shain's Drug store.

The Oakland County Chapter of the American Red Cross was organized recently in Pontiac, with headquarters at the Board of Commerce, and with officers and 18 members of the Board of Directors, residents of Pontiac, the balance of the Board being one representative from each township. Bloomfield is represented by Sarah E. Sly.

The organization of the Birmingham Branch to assist the Detroit Chapter, has been most satisfactory, so we will continue our work with them for the present, and now our efforts will be directed toward helping to equip the Detroit College of Medicine and Surgery Base Hospital Unit No. 98, of which Dr. B. R. Shurley is in command, and which is expected soon to be needed for service.

SARAH E. SLY, Chairman of Publicity Committee. Had a Very Bad Cough. This letter should interest every reader. "Last winter I had a very bad cough. I used medicines, but they did me no good. I took one bottle of Foley's Honey and Tar, and it cured me. Y. DeKemper, Amberg, Wisconsin." No substitute is as good as Foley's Honey and Tar for coughs, colds, croup and whooping cough. Sold everywhere.—Adv.

LIBERTY BONDS CHILDREN'S DAY

Germany's Mini-tor of War has told the World that the American people are too selfish and too far away to care about the struggle. He does not think this nation can look up from its money-making long enough to provide for clothing, feeding and equipping an army. The Kaiser expects to scotch America before its people wake up; to stamp out our little army before we have put uniforms on the recruits or built more ships to carry more ration.

Perhaps the German Minister has done us unintended service in saying those things aloud, for America is more awake this week from the sting of them than we have been since the sixteen. Our young men are registered. When the selections are made they will go to camp and to the field with settled purpose to see things through to a finish. And more will go, then more, and more; for this promises to be a long road and bitter. It is slowly dawning upon us in this country that Prussia's armies must be beaten where they are or they will pay their war-debts with American money whipped out of our coast cities by German guns. Germany has not meant merely war with Europe, but war for world-superacy, and America is part of the world she proposes to rule.

We are in it. We must be at it. Our boys are going to the trenches and to the seas. Who will feed them? Who will clothe them? Who will shelter them? Who will bind their wounds? Who will put munitions in their hands that they shall not be helpless targets? The government! Aye, but that is each and all of us. The money for it we must furnish. Your part is \$50 or \$100 or whatever you can get together to loan to your nation, at three-and-one-half per cent per annum. One Bloomfield man has already applied for the privilege of loaning the government \$10,000 by taking the amount in these Liberty Bonds. Others have applied for from \$500 to \$1,000 worth of them. But Bloomfield township must take \$120,000 worth of them to do her proportionate share with the rest of the country. This means an average of a bond apiece for every man, woman and child of us. Have you applied for yours? Make it your next move. Both local banks are offering to buy bonds for you, pay for them, and hold them while you are saving at so much per week to pay for them. They pay you full interest on your savings while you are doing it. Committees are at work without pay, to canvass the entire township that ally may know and respond. Be a patriot and buy your bond and put on the button which says you have done it, and so save a fellow-citizen his time and strength to use in waking up some one less alert than you are. Be one of us to show Hindenburg that when her liberties are threatened all America is awake. The best answer we can make to the German taunt is to subscribe twice over the amount of the loan offered. To send out our boys with the assurance that their nation cares, and that they fight will be equipped to fight well, will be to win half the struggle at the start. Buy yours today!

Muscle Soreness Relieved.—Unusual work, bending and lifting or strenuous exercise is a strain on the muscles; they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief; easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than mussy plasters or ointments, it does not get on the skin or clog the pores. Always have a bottle handy for the pains and aches of rheumatism, golf, lumbago, sprains, stiffness, bruises, backache, and all external pain. At your druggist's, 25c.—Adv.
