THE UNIVERSAL CAR

320,817

Have been built and actually delivered to retail buye a since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against any delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention.

Delay in buying at this time may cause you to wait several months.

Enter your order today for immediate delivery with our authorized Ford Agent listed below and don't be disappointed later on.

Jack Lamb, son of R. A. Lamb, formerly of this place, has engaged in the real estate business in Highland Park.

A very successful shower of china, crystal, kitchen utensils, and linen for the new church parlors was held at the church, February 14.

According to report, about forty new houses will be built here this year. A large number of these will be built on the J. J. Levy Farm.

Spanish is being done in the schools here by both the teachers and their pupils, despite the over-crowded condition. The teachers are Miss Edith Eiseman and Miss Brown, of Birmingham.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constant failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer $100 for any case it fails to cure. Send for circulars and testimonials. Address:

Assessor for the term of one year.
Three trustees for the term of two years each.
One trustee for the term of one year.
One member of Library Board for the term of two years.
Two members of Library Board for the term of three years.

Notice is further given that at said election there will be submitted to the qualified electors and the women tax payers possessing the qualifications of male electors of said Village, the following propositions as set forth in the resolution of the Village council, adopted February 19 1917, which said resolution is as follows:

Whereas, the 12th day of March, A. D. 1917, is the day appointed by law for the next annual Village election and,

Whereas the following offices of said Village are to be elected as required by law as follows:

President for the term of one year.
Clerk for the term of one year.
Treasurer for the term of one year.
Assessor for the term of one year.
Three trustees for the term of two years each.
One trustee for the term of one year.
One member of Library Board for the term of two years.
Two members of Library Board for the term of three years.

And Whereas, this council has caused estimates to be made of the cost and expense of building and constructing in said Village as a part of the system of surface of drainage sewers in said Village, the following improvements:

1.—The construction of a surface or drainage sewer beginning at the intersection of Townsend street in said Village and the alley West of Chester street with an eight inch line; thence south 260 feet to the center of Brown street; thence south on Stanley avenue with a 12 inch line 1010 feet to the center of Hanna street. Also beginning at the intersection of Brown street and Pierce street with a 12 inch line; thence south on Pierce street 650 feet to Frank street; thence west 100 feet to the center line of Frank street; thence south 350 feet on Bates street with an 18 inch line to the center of Hanna street; thence west on Hanna street with an 18 inch line 570 feet to the center of Stanley avenue; thence south in Stanley avenue with a 24 inch line 400 feet to the center of George street; thence west with a 30 inch line 1350 feet to the west line of Southfield avenue all to be of vitrified sewer pipe, excepting the 30 inch line which shall be of vitrified segment block. The cost of which improvement as shown by the estimates above mentioned is Eighty-two Hundred Fifty Dollars.
