

SAN JOSE SCALE

Some Ornamental—Trees and Shrubs Encourage Pest, Osage Oranga Among Them

The mischief which it does to fruit trees by the San Jose Scale is so well known that comment is unnecessary; but it is not so well known that this insect is as bad or worse on some of the ornamental trees and shrubs.

Osage orange hedges are still to be met with. There is no worse breeding place for the scale. It kills the plant to the ground, but this hedge is one of the kind that will not stay dead.

Osage orange hedges are still to be met with. There is no worse breeding place for the scale. It kills the plant to the ground, but this hedge is one of the kind that will not stay dead.

There is scale enough now. Do not encourage the pest by planting just what it wants to live and multiply upon.

Worms Make Children Fretful. Children suffering from worms are dull and irritable, puny and weak, grind their teeth and cry out in agony, bring a constant source of worry to their parents.

THE END OF A PERFECT DAY.

There is a man, whom you all know, who decided a fishing he would go. He picked Wing Lake as a lucky spot, so he cranked his Ford and away he shot.

Not Bothered Any More. So-called rheumatic pains, a grippish ache, lame back, stiff neck and joints are the result of over-worked, weak or disordered kidneys.

By Rev. W. C. McKnight.

Someone has said: "The greatest discovery of the last century was that of childhood;" but the greatest discovery of all time was the religion which says: "Suffer the children to come unto me, and forbid them not for of such is the kingdom of heaven."
