

BARNUM & BAILEY

Greatest Show on Earth Will Exhibit
in Detroit—on June 11 and 12.
Remember the Dates.

Once again the glad tidings are being spread broadcast, telling of the coming of Barnum & Bailey's circus. The greatest show on earth. It is announced, will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit in Detroit on June 11 and 12. It is promised that nothing to compare with the present Barnum & Bailey performances ever before seen under canvas. New and novel features have been imported from abroad and a program of events, thrilling, educational and screamingly funny, will occupy every instant in three rings, four stages, the riggings above and the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Aladdin and His Wonderful Lamp," in which nearly 1,000 persons and 1,000 animals appear in magnificent costumes rivaling the dress of the people of the famous "Arabian Nights" story. This will be followed by a host of acts in all parts of the great enclosure. There will be 60 clowns, a greatly increased menagerie of wild and tamed animals, four great herds of elephants, several caravans of camels and many recently born baby animals.

The free street parade, which will start from the circus lot at 10 o'clock on the morning of circus day, is entirely different from anything of the kind

ever shown. It will be three miles in length and there will be bands on foot, on horseback, riding on wagons of red and gold. There will be six bands in all and they will be assisted by three steam engines and an electric piano. With the largest tent in the history of all circuses, the Barnum & Bailey circus promises this season to make good again its boast that it is the Greatest Show on Earth. Five railroad trains comprising 30 railroad cars, will be required to transport its baggage and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.

Banishing Melancholy.
I once gave a lady two-and-twenty receipts against melancholy: One was a bright fire; another, to remember all the pleasant things said to her; another, to keep a box of sugarplums on the chimney-piece and a kettle smelting on the hob. I thought this mere trifling at the moment, but have in after life discovered how true it is that these little pleasures often banish melancholy better than higher and more exalted objects; and that no means ought to be thought too trifling which can oppose it either in ourselves or in others.—Sidney Smith.

He Almost Felt Down.
A. M. Hunaucker, Bogus Chitto, Mississippi, writes: "I suffered from rheumatism, kidney and bladder trouble; also dizziness—would almost fall down at times. Foley Kidney Pills gave me entire relief." Disordered kidneys give warning by pains in side and back, sore muscles, swollen joints, tired and languid feeling. Sold everywhere.—Adv.

At the Coroner's Inquest ordered by Prosecuting Attorney Gillespie, after the death of Thelma Hamlin, F. H. LeRoy was exonerated from criminal liability. The Prosecuting Attorney has held a conference with the officers, and as a result all of the traffic regulations in the state laws, will be strictly enforced. Traffic officers will be stationed on the principal corners in Pontiac, and all offenders will be cited into court.
Few realize the amount of work necessary on the part of the officers to apprehend violation of the Local Option law. Sheriff Green and Prosecuting Attorney Gillespie received information last week, of a place on Wesson Street in Detroit, where bootlegging was claimed to be sold. They arranged with one of the deputies to dress up in old clothes and go to the place for the purpose of securing evidence. The deputy was recognized in spite of his disguise and fled the place and found the market money in the proprietor's pocket. As a result of the officer's efforts, warrants were issued for the two proprietors.
There were 15 prisoners arrested over the week end. Monday morning there were 57 prisoners at the County Jail for breakfast. As the jail accommodates only 35, the state officers have notified sheriff Green that if conditions here warrant it, prisoners may be sent to other county jails. It is apparent to everyone familiar with conditions that to add to the jail is an immediate necessity.
Gilbert Grosjean, of Pontiac, has been arrested charged with a serious offense against a 14 year old girl. He is being held at the county jail under \$2,000 bail to await examination before Justice Stockwell of Pontiac.
A few weeks ago the citizens of Rochester were greatly aroused over the action of two young men, one of whom claimed to be a deputy sheriff, who assaulted three girls while out for an automobile ride. The officers working on a quiet tip, Monday arrested George Whiting, of Pontiac, and Roy Robinson, of Birmingham, as the offenders. They will be charged with assault and battery before Justice Parsons of Rochester, and it is possible a charge of impersonating an officer, may be lodged against Robinson. Robinson only two weeks ago was convicted of a charge of assault and battery, after a jury trial before Justice Campbell, of Birmingham, and sentenced to serve 90 days in the Detroit House of Correction. He has taken an appeal from the judgment which will be heard in the June term of the Circuit Court.
Eliaweth Montrose and Morris Ox-trander, of Pontiac, have been arrested upon a charge of violating the local option law. They are held under \$200 bail at the county jail to await examination sometime this week.
Dr. A. D. McKinney, a well known Pontiac physician, was taken into custody by the officers at Mt. Clemens and arraigned before Justice Stockwell, of Pontiac, upon a charge of assault and battery made by Mrs. Ethel Edgar, of Detroit. He demanded a trial of the case which will be heard within a few days. Complaint grew out of a party which lasted all night at the office of Dr. Parsons, adjoining that of McKinney. Mrs. Edgar went the office to persuade her husband to come home at a late hour in the night, and it is claimed that McKinney used violence in forcing her from the office.
The arrangements for registration, required by the War Department of the U. S. government, are in charge of Sheriff Green, County Clerk Babcock and Dr. E. Orton. Prosecuting Attorney Gillespie has been instructed by the authorities to act as legal advisor to the Board. The Board makes all of the necessary arrangements for registration June 5, appoints the registrar and is charged with the enforcement of the Federal law governing the same throughout the county. The work involves a mass of details which will keep the members busy practically all their time between now and the date set for registration.
Substitute for Fray.
Some mothers desire to bring their children to the family table on occasions when there are no guests. At the same time they dislike to mar the appearance of their table with the tinsy tray which is usually set before the children to protect the cloth. A clever device for this purpose is made of two oblong pieces of butcher's linen, sewed together in the form of a case with oldcloth interlining. The linen is hemstitched neatly, and while it protects the cloth itself it does not mar the appearance of the table. When soiled the oldcloth is slipped out and wiped off with a damp cloth, and the linen case goes to the laundry. Several of these cases will be needed, but one piece of oldcloth will last for a long time.

AT COUNTY COURT

A Two Weeks Court Business from the Prosecutors Office at Pontiac.
Many Held at Jail.

William Witt and O. T. Hopkins of Novi, were arrested on a charge of unlawfully swearing bass and having immoral black bass in their possession. They paid fines of \$25 and \$75.75 costs each, before Justice Campbell in Birmingham.
David G. Lindsay, pleaded guilty to a charge of raising a check, in the Circuit Court last week. He was immediately sentenced to pay a fine of \$4.50, or serve one year in the Detroit House of Correction.

Some mothers desire to bring their children to the family table on occasions when there are no guests. At the same time they dislike to mar the appearance of their table with the tinsy tray which is usually set before the children to protect the cloth. A clever device for this purpose is made of two oblong pieces of butcher's linen, sewed together in the form of a case with oldcloth interlining. The linen is hemstitched neatly, and while it protects the cloth itself it does not mar the appearance of the table. When soiled the oldcloth is slipped out and wiped off with a damp cloth, and the linen case goes to the laundry. Several of these cases will be needed, but one piece of oldcloth will last for a long time.

Few realize the amount of work necessary on the part of the officers to apprehend violation of the Local Option law. They arranged with one of the deputies to dress up in old clothes and go to the place for the purpose of securing evidence. The deputy was recognized in spite of his disguise and fled the place and found the market money in the proprietor's pocket. As a result of the officer's efforts, warrants were issued for the two proprietors.
There were 15 prisoners arrested over the week end. Monday morning there were 57 prisoners at the County Jail for breakfast. As the jail accommodates only 35, the state officers have notified sheriff Green that if conditions here warrant it, prisoners may be sent to other county jails. It is apparent to everyone familiar with conditions that to add to the jail is an immediate necessity.
