DELICIOUS COFFEE

Hot, fragrant, exhiberating, with all its native aroma preserved, is

Electric Coffee Percolator

The percolation method brings out all the qualities that have made Coffee the favorite breakfast beverage—you avoid the bitter haste so often found in Coffee boiled over a fire. Coffee is quickly prepared in the Electric Percolator; will begin to percolate itself in half a finitute after the current is on.

Copie in and look at the various styles:
