

AWFUL BLIZZARD

Strikes Birmingham. Temperature Drops to 15 Below, with the Wind Blowing a Gale.

One of the worst blizzards that this part of the country has known struck Birmingham early Saturday morning.

Several had frozen ears, noses, hands and feet. It was reported that Frank Weaver, seven year old son of Mrs. Fanny Weaver of W. at Maple Avenue was found in a snow drift near his home and was nearly frozen to death when found.

Teams were hauling coal all day from both coal yards. No one in the village complained of being without coal.

TWO MAKE GOOD

At Camp Custer They are "Ben" Baxter and "Buck" Huston, Sent From Here.

"Ben" Baxter and "Buck" Huston taking kindly to Camp life. "Ben" arrived in November with the boys of that month's contingent; "Buck" came just in time to spend Christmas.

Ben made rapid progress in the Y building 445 and began to be the center of attraction at once. He had a kindly look for everyone, and it was then just about time for evening mess, and that open, honest face of his has won him many friends, and he seems to be quite contented with his soldier and Y-friends and admirers.

The only time of day Ben seems to be annoyed to those about him is early in the morning. It is no trouble for him to be on the job all the while, and you know you will always find those people who just can't be decent in the morning. Ben seems to think it a big joke to be "full of pep" just before the first call for reveille.

For a few days Ben was transferred to "D Co. 339 Infantry," and had to work in the kitchen, but you could not down his spirit, he was right there every time.

Charley Grace the Mess Sergeant, and Ben became fast friends and when Ben was sent back to do fatigue duty at the Y, Charley thought the bottom had fallen out of Co. D for all time. The fellows at the Y all welcomed Ben back and gave him quite a reception and he ran out true to his old form. Ben is the only one around the Y that can get anything on tick.

"Buck" Huston takes kindly to his job, but always has to have some one around to keep him going, he doesn't seem to swing on and out for himself. He is rather popular with the fellows from Headquarters Co., two or more come over to the Y every morning and make themselves generally agreeable and safe about the HUT and it is then that Buck shows off to the best of his ability. He likes the big fire place in the Lobby; one of his pet expressions is, "Just tell them that you saw me but you didn't see me saw."
