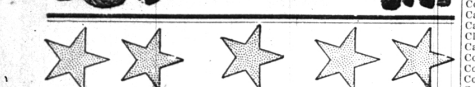
US United States Tires are Good Tires

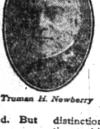


1898—1908—1918

Three Signal Years in American History

1898—War with Spain! Humanity and liberty brought by America to oppressed Cuba and Philippines, the United States taking its firm place as a world power.

1908—Peace and prosperity! America's battleship fleet, "Ready for a fight or a frolic," as Admiral "Bob" Evans remarked, gone on its 45,000-mile, around-the-world cruise, pointing out to all nations the fact that we had become a power to be reckoned with, and a cruise which European experts said could not be completed. But it was!



Truman H. Newberry

secretary became Secretary of the Navy in the Roosevelt cabinet.

In *1916*, TRUMAN H. NEWBERRY, again a volunteer, a Commander in the Third Naval District, including New York City and Brooklyn navy yard, the most important naval division in the country.

1918—America in the Great War, throwing its every energy into the combat to make the world a decent place to live in.

In *1898*, TRUMAN H. NEWBERRY, one of the organizers of the Michigan Naval Reserves, served through the Spanish war as a lieutenant on the "Yosemite," which was manned by Michigan's Reserves.

In *1908*, TRUMAN H. NEWBERRY prepared the battleship fleet for its famous cruise and from assistant secretary became Secretary of the Navy in the Roosevelt cabinet.

In *1916*, TRUMAN H. NEWBERRY, again a volunteer, a Commander in the Third Naval District, including New York City and Brooklyn navy yard, the most important naval division in the country.

A man of national distinction, of unflagging devotion to his country, of able service in peace and war, of high character, genial, approachable and sympathetic, TRUMAN H. NEWBERRY is a man on whom not only all Republicans but all the people of Michigan can unite.

In this crisis, the office demands the ablest and most experienced man available to help conduct the nation's affairs. TRUMAN H. NEWBERRY is such a man. Every Michigan voter can support his nomination and election with confidence in his record, his ability and his 100 per cent Americanism.

ARE YOU TIRED

Hot and uncomfortable on ironing day? Then you are NOT using the Electric Iron. When you do your ironing electrically you do it in coolness and comfort—and in less time. No fire needed—no changing of iron—no walking to and from range. Costs only a few cents to operate.

You can have an Electric Iron for two-weeks trial, if you like—and no charge.

Handling Gold Leaf.

Goldbeating is a most fascinating craft, to watch, and it is especially interesting when the workman arrives at the last stage—the transferring of the incredibly thin leaves of rich, yellow metal from the "mold" to the books bought by the gilders. This is done with a very fine pair of clips, or pincers, made of the lightest wood. The leaf is deftly laid on a cushion of soft leather, and then delicately cut to the size of the book, with a simple-looking instrument of wood with sharpened sides, known as a "wagon." The edges of gold left over are most carefully preserved.

Time Table Changes

Effective Tuesday, June 11

On above date cars which at the present time start from Birmingham for Detroit at 7:50 a. m., and every 40 minutes to 6:30 p. m., will be discontinued. The 6:25 a. m. local from Birmingham to Detroit will also be cancelled. Cars which now run through to Birmingham, leaving Detroit at 6:30 a. m., and every 40 minutes to 3:50 p. m., will terminate their runs at Catalpa Y, in Royal Oak.

This reduction in service is made necessary because of decrease of business, but the reduction only affects service during the middle portion of the day. The frequent morning and evening rush-hour service will remain unchanged.
