LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Just drop a little Freezone on that tender corn. Instantly stops pain. Then loosen the corn, so it lifts off with the fingers. Truly. No humbug.

Try Freezone. Your druggist sells a tiny bottle for a few cents, sufficient to loosen hard corns, soft corns or corns between the toes, and the calluses from bottom of feet. Freezone is the Cause of It.

Western Canada's "Horn of Plenty" Offers You Health & Wealth

Western Canada for years has helped to feed the world—the same responsibility of production still rests upon her.

While high prices for Grain, Cattle and Sheep are sure to remain, price of Land is much below its value.

Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at from $15 to $30 per acre—good grazing land at much less.

Many farms paid for from a single year's crop. Raising cattle, sheep and hogs equally profitable. The Government encourages farming and stock raising. Railway and Land companies offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Western Canada offers free taxation, good markets and shipping, free schools, churches and healthful climate.

For particulars as to reduced railway rates, location of land, illustrated literature, etc., apply to Supt. of Immigration, Ottawa, Can., or

BROOD MARES

In foal or foal at foot, having Distemper or Influenza or any other form of Contagious Disease, may safely be given SPOHN'S DISTEMPER COMPOUND. It is also the very best Remedy to prevent mares slipping foals, and should be given to all Mares, Colts, Stallions and all others, in bran or oats, or on the tongue. Then you will have very little trouble with sickness of any kind among your horses. Sold by druggists. Write for booklet.

SPOHN'S DISTEMPER COMPOUND

SPOHN MEDICAL CO., GOSHEN, INDIANA

HE GOT THE GEORGES MIXED

Baseball Expert Evidently Had Something to Learn About Prominent Men of the World.

A former pitcher in the now defunct Northwestern league, who sought peace and quiet in a Seattle shipyard, was discussing the war and kindred topics during a breathing spell one day. "This hurler is well known for the speed and 'stuff' he gets on the ball. He is not credited with more grey matter than the law allows.

This latter circumstance possibly accounts for his end of the following conversation:

"The war sure has changed things around some," opined the ballplayer.

"How now?" queried his friend.

"Well, you take England, for instance. England always had a king until a short time ago."

"What's the matter? Some one take a shot at King George?"

"Why, no, not that. They just don't call him King George any more. Leastwise the only thing you see in the papers these days is Premier George."

Its Kind.

"Who wound that child up to such a pitch of crying?"

"Nobody; it's a self-starter."

Superfluities.

Squirm boasted of his rings. "What good are they without a circus?" sneered Earth.

Belgian War Souvenirs.

War souvenirs in the shape of watches made of steel from Belgian cannon which were in active service on the Belgian front from the beginning of the war in 1914 till October 27, 1917, are being manufactured in Switzerland by order of the king and queen of the Belgians. The watches, which bear inset in gold on the cases the monogram "A. E." of the Belgian sovereigns, are to be presented to King Albert and Queen Elizabeth, to soldiers who have specially distinguished themselves and also to prize winners of military competitions.

Long-Lost Ring Restored.

A Goodstone (Surrey) lady has just recovered her wedding ring, which disappeared five or six years ago while she was feeding a calf.

It was thought the animal had swallowed the ring, and as it could not be found the calf became known as "the golden cow."

A few days ago the cow was purchased and killed by an Oxford butcher, who, being informed of the lost ring, made a search and discovered the ring embedded in an internal organ. The ring has been restored to the owner.—London Mail.

Woman may be the weaker vessel, but she sometimes contains the stronger spirit.

We all like the man who "sticks through thick and thin."

SUCCESS OF CLUB MEMBERS

Opportunity to Duplicate Achievement of Tennessee Boy Inspires Others.

(Prepared by the United States Department of Agriculture.)

One reason why more than 50,000 boys and girls in the South enrolled last year in the pig clubs, organized and conducted by the United States department of agriculture, cooperating with state agricultural colleges, is seen in the opportunities offered them to duplicate the successes of other club members. For instance, here is the achievement of a Tennessee boy. Fifteen months ago he purchased a Duroc-Jersey pig. During his term for 12 months in the local clubs this pig has farrowed 27 pigs and has raised 21 of them. The boy sold three of the first litter at $25 each. Four of them took weights nearly 1,200 pounds and are worth $720. The seven pigs of the second litter are worth $175, and the seven of the third are worth $105, while the mother—the pig purchased when the boy entered the clubs—is valued at $75. This means a profit of $2 a month.

ENCOURAGE FOWLS TO RANGE

Provide Ample Shade and Feed Them Away From House—Litter Is Not Necessary.

It is not necessary to feed the laying hens in litter during the summer time. Encourage them to forage away from the house as much as possible. Provide artificial shade if natural shade is not available. Feed them away from the house rather than at the back door and less trouble will be experienced in having the hens roosting on the doorstep.
