## SOLVING THE SERVANT PROBLEM

With household help so scarce and high-priced, sooner or later you must turn to Electrical labor-saving devices that will lessen the hope work.

The Electrical Washing Machine puts an end to the problems of wash day. It will do a big washing in an hour. No lauddress required no wages to pay no meals to serve. It washes the et thes spotlessly clean—everything laces, linens, blankets.

No work-no wear on the clothes. Pays for itself by the saving it makes.

There is no work-no wear on the clothes. The Electric Washer washes without rubbing: therefore, the clothes will last much longer.

Come in and see it demonstrated
