THE UNIVERSAL CAR

Like the regular Ford cars the Ford Model T One-Ton Truck is a real farm necessity, just as it is the necessity of manufacturer, contractor and merchant. There is no question about it proving a money-saver right from the start. It is flexible, turning in a 46-foot circle with a 124-inch wheel base; the regular Ford motor is in rear drive—radius proven as economical in operation and maintenance as the Ford Touring Car. The price of the Truck Chassis is \$550 F. O. B. Detroit. We urge placing orders without delay in order to get reasonably fast delivery. The demand is big—come in and let us talk it over.

Puzzle

Find the Man

Every man and woman is anxious to buy some article—necessity or luxury—every day of his or her life. Single handed it would take you months to seek out those interested in your line of business.

An advertisement in this paper does the work instantaneously. It corrals the purchaser—brings him to your store—makes him buy things you advertised.
