

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer from a weakness like Lydia E. Pinkham's Vegetable Compound should accept Mrs. H. R. ROBBERTS, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. H. R. ROBBERTS' suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complaints, get the best advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Bring Your Friends Along
I am well pleased with EATONIC and it surely does just what it says it will. You can recommend it highly, because my customers come back for more and not only praise it but bring their friends along. An old gentleman 87 years of age says: "I would get indigestion, no sleep, and I would die, and have to get a physician and be in bed from one to three months. I got EATONIC and have not had a well sleep, nor a physician visit since. E. E. PROCTOR, Braggs, Westmore, Ohio."

EATONIC
FOR YOUR STOMACH'S SAKE

Cuticura For Baby's Itchy Skin
All druggists, Soap, 25c. Boxes, 50c. and 1.00. Cuticura Soap, 25c. Boxes, 50c. and 1.00. Cuticura Soap, 25c. Boxes, 50c. and 1.00. Cuticura Soap, 25c. Boxes, 50c. and 1.00.

PATENTS Watson E. Coleman, Jr., 1727 Adelphi Street, Wash., D.C. Attorney and books from the Baltimore Patent Office, Wash., D.C.

How It Happened.
"Pardon me," said the army cook, for military chefs are prone to address their underlings courteously, "but I pry the hell out of me where you learned to peel potatoes so artistically? I observe that you do not cut off the outside in great hunks, as mine too many do, but loosen a bit of the skin of the tuber and then deftly strip it all off. You must have had much experience in skinning off entering upon a soldier's life."

"I did, thank you, sir," replied the accomplished member of the kitchen police. "Before I decided to make the world safe for democracy I was a country hunker—Kansas City Star."

Circumstances Had Changed.
Billy had seated himself at the table for supper and laid down his head and said: "Oh, mamma, I'm so tired! I guess I'll go to bed right after supper." However, when the meal was finished he jumped down and was going to play with his boys.
"Why, Billy, I thought you wanted to go to bed," I said.
"Oh, it's all right, mamma; I'm all contented."

Much More Important.
He—Didn't you promise to the altar to love, honor and obey me?
She—Goodness knows what I promised. I was listening to hear what you promised.—Boston Transcript.

Save Sugar by eating Grape-Nuts as your cereal dish

This standard food needs no added sweetening for it is rich in its own sugar, developed from wheat and barley by the special Grape-Nuts process of cooking.

"There's a Reason"

Seen and Heard in Michigan

Port Huron—Louis A. Bernard is dead as result of injuries received when his team of horses ran away. He was thrown from a wagon fracturing his skull.

Stannah. The Inn has been removed and Stannah schools are open after having been closed 14 weeks because of influenza. There are only a few cases left in the city.

Mankato. An industrial committee has been organized at the industrial returned soldiers, Tom Jones, who headed the federal labor committee here during the war is chairman.

Wycliffite. Wycliffite pilots have confiscated an average of more than two quarts of liquor a day for the last week and have reported on daily average of three men arrested of running blind pigs.

Detroit. Mrs. Paul M. Mays, 24 years old, was killed and three persons were injured, one perhaps fatally, when an automobile crashed into a telephone pole at Grand boulevard and Kipling avenue.

Redford. Fire caused by back fire from an automobile he was repairing destroyed two large barns owned by Charles Smith near Livonia Center, with a loss of \$50,000 and 100 chickens. Cattle housed in the buildings were saved.

Hamtramck. Since the school year opened in September Hamtramck school board has had to hire 24 additional teachers, so rapid has been the growth of the pupils. There are nearly 200 more pupils in school now than in the fall.

Ann Arbor. The 1919-20 hop, conducted by the students of the university, will this year be held April 4 instead of on the last day of the first semester, the usual date. The formation of the student hop committee, the corps and the work attendant to it necessitated the change.

Port Huron. W. M. Bryant, of Kalamazoo, speaking before the Chamber of Commerce, outlined plans for a new federal highway across the state from Chicago to Detroit. In St. Joseph, Kalamazoo, Battle Creek, Lansing and Owosso, with the road branching at that point one section, going to Saginaw and other through Flint, LaSalle and Port Huron.

Ferris. Through efforts of the citizens of Ferris and the Board of Commerce, Ferris is to have a new electric railway depot at the Nineteenth and Woodward avenue. The old shed which has served for several years as a depot at this location, was demolished by the Detroit, Toledo and West Michigan Traction Company building started. The new building will be heated.

Marquette. John Anderson, convicted in Delta county of first degree murder, for killing John Mallberg, at Kipling, November 11, was received today at the Detroit, Toledo and West Michigan Traction Company building following a drunken brawl. He is the ninety-fourth life to be received at Marquette prison. The colony of life prisoners here number more than 25 per cent of the prison population and exceeds the latter in number.

Alma. "Peace and justice must be insured throughout the world," said Dr. G. W. Sower at the Methodist church here recently. "There has been a continuous tendency," he said, "on the part of mankind to perfect their nation until to insure efficient and assured political stability, progress and peace. This tendency has advanced from the family, the tribe and nation, until now we have come to consider an association of league of nations, and to reach the only hope of the world for the future."

Saginaw. Saginaw council voted to submit at a special election primary day, March 5, the question of whether the Saginaw Bay City Traction company shall be permitted to charge passengers for their seats. The council also granted a resolution for the higher pay. Commissioner Phoenix, labor representative on the council, offered a resolution to revoke the special grant which was turned down, when Commissioner Phoenix secured sufficient signatures to an initiative petition to bring the matter before the voters.

Washington—Harry E. Leary, Saginaw, Mich., formerly employed as a contractor at the Ford Detroit plant, testified before the house committee that a contractor built for the navy at the plant were seriously faulty in design and construction. He said the walls of the craft were weak, particularly about the engines and fire engines. When he reported his observations to the navy, he said they knew nothing about boat construction, being automobile builders, but promised to report the criticisms to the navy department.

Saginaw. With his innocent victim near death, Edward Stephan, 32d street, a girl of 15, was arrested recently after a search, confessed. Saginaw officers declare that he had waylaid and attacked a Freeland township school teacher at an isolated point between Freeland and Lawntown. The girl, at the age of 15, was a young lady, was assaulted and left lying unconscious on a railroad track, as her assailant drove off in an automobile. The case, has few parallels here for brutality and cold blooded heartlessness, officers declare.

Wraps That Are Distinctive

Weekly Health Talks

What Doctor Pierce Has Done for Humanity

BY DOCTOR PIERCE.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and compiled human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the only way could afford to buy the medicine, but openly printed the name of each root and herb he used. And to today the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better living.

One of this great physician's most successful remedies is known as Dr. Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Myosotis leaves of also, root of plump-that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestine of hard, decayed and poisonous matter that accumulates when one is constive. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They will make you feel the very thing your system requires to make you well and happy.

DODD'S KIDNEY PILLS

FOR RHEUMATISM, BRUISES, GRAVEL, AND ALL KINDS OF URIC ACID AFFECTIONS.

Headache, tired or dizzy? Is your kidney weak? Ask druggist for box of Dodd's. Dodd's—specially relief or money back.

Kalamazoo—A 2 per cent dividend was declared at the annual meeting of stockholders of the Painted Hotel.

Bay City. In the last test given children of the public schools, seven pupils made a perfect showing on all subjects.

Iron Mountain. Angus McNeil, 19 years old, just discharged from the Army, fell from a pier and was drowned in the Mononacque river.

Potoskey. Ray Rice, 17 years old, who escaped from the jail at Flint, while serving a sentence for robbery, was arrested at his home here.

Bay City. Thieves from the old Zeeves House, which is being razed, were found to be as sound as when put in the dwelling 50 years ago.

Mt. Pleasant. Daniel Holland, 70 years old, was burned to death in the Frank Monroe house near Shepherd, while trying to save his belongings.

Traverse City. Discontinuance of service on the Traverse City, Local and Maquokette road has aroused a storm of protest throughout the county.

Kalamazoo. Leo McNamara, who was declared by the police to have perished in the Wither Hotel fire, appeared at the corner a chace to deny the report.

East Lansing. Purveyors of acid phosphate fertilizers have been paying more for the lower grades than for the higher grades, according to M. A. C. agents.

Adrian. George Molodratsky, Director of the city, to demand a jury trial in a Tenawase County court on a charge of violating the Prohibition law, was found guilty.

Saginaw. John Jeffers was re-elected president of the Hamilton Tractor company with J. A. Gimbert secretary and H. A. Opendorf, Jr., treasurer.

Adrian. Opendorf, county drain commissioner, is made defendant in a suit filed by W. A. Smith to recover on a contract for labor, it being alleged that his price was shown in rejecting Smith's bid.

Hillsdale. Compensation for drain commissioners will be discussed at a meeting at the Michigan Association of County Drain Commissioners to be held in Lansing, Feb. 4, 5, 6 and 7. Guy Slinger will speak.

Lansing. Guy Elvee has designed the work beginning January 20 as commission for the design of a new variety of styles for the season. Ordinarily in design has been a feature of the styles so that a new color among them may be of superior quality and very unusual design to meet the high standards of ready set. Here's a new shape, a unique combination of coat and cape that invites comparison. It appears to be of a heavy jersey cloth but one can visualize it in other suit coatings as velours or pompadour cloth. It is a sleeveless short-sleeved hanging from the shoulders. It is turned up about the bottom and forms two deep

ockets at the front, fastened with bone buttons and buttonholes. There is a narrow left of the material across the front of the coat with a button at each end. Only one button appears to fasten the front, but its responsibility is not lightened by the nature of the cloth which has a way of clinging together. Doubtless a few little snap fasteners help out.

The coat makes a support for a blouse, but does not cover the blouse and is beautifully lined to the under side of the skirt. A narrow collar of the same material supports a higher collar of velvet in a dark shade. The hat worn with this coat is a wonderfully good style for it is a tan felt hat with a deep band and its descendants makes a confident.

Natural Nutria.
Natural nutria is much used on children's clothes this season. It is a pretty trim, something like natural hair, but not nearly so expensive. It is made up into stockings in which collars and cuffs with round childish buttons to match, of course. A turtleneck is just the "indispensable" complement back to any woolen winter costume. Little caps in the matching form and shape of the overalls around service caps are made of nutria and are matched by collars and muff.

The very next thing that every one thought about, as soon as the noise of the peace jubilee died down, was something new to wear. There was an immediate reaction in the matter of dress from the recognizing that the war inspired, from the fact that the clothes and plain styles, from doing without—not just the other things. Dress-makers are overwhelmed with work and all women with one accord want some new and pretty clothes. This is the most natural feeling in the world, since clothes are our most constant means of expression and we must dress up to the occasion, of having our victorious soldiers home.

Wool and coats, especially of the kind combined, have been made in a great variety of styles for the season. Ordinarily in design has been a feature of the styles so that a new color among them may be of superior quality and very unusual design to meet the high standards of ready set. Here's a new shape, a unique combination of coat and cape that invites comparison. It appears to be of a heavy jersey cloth but one can visualize it in other suit coatings as velours or pompadour cloth. It is a sleeveless short-sleeved hanging from the shoulders. It is turned up about the bottom and forms two deep

WHAT CAN WE DO?

In an official announcement issued by the 38th chapters and 220000 members, Mr. Dawson says:

"We must labor in cooperation with the National Red Cross and other societies of other nations to the end that not alone the heart of America, but the heart of all mankind, may be comforted on both of suffering humanity."

"Which therefore, the plans of the American Red Cross in this direction cannot be formulated successfully in reliance of the general help of the allied governments, the American Red Cross is nevertheless planning to develop its permanent organization in this country upon a single heroic hero exemplified in line of peace."

"Study is being given by the national organization, not alone to problems, international relief, but to plans in this country for enlarged health, education, development of nursing, the care and production of accidents and other correlated lines which may contribute to the health and happiness of men, women and children."

"For the completion of its wonderful work for the institution of its peace program, the Red Cross is fortunately in a health financial condition. What the American Red Cross needs here is not so much contributing donations of money, as the continued devotion and loyalty of its members."

In the last sentence was the key-note of the Red Cross Christmas Roll Call—an appeal for continued support through membership rather than a call for funds.

The end of the fighting found over 7,000 Red Cross men and women in France, where, of course, there was an immediate decrease of persons when the French government assumed charge of the anti-tuberculosis campaign, the feeding and clothing of refugees, and other relief affecting the French people. The American work-

When the Babes Calls. Babes have been a sore trouble to many South American folk and peace societies, have been found to keep their babes and reduce their numbers. Babes are usually raised a tame in Robertson and ensuring all efforts to drive them away, roll the sides of the back yard. In England being shown by infants, they raised gardens in broad daylight.

Cuticura Soothes Itching Skin.
On getting only rub spots of dandruff and itching with Cuticura Out-oint. Next morning shampoo with Cuticura Soap and hot water. Make them your every-day toilet preparations and have a clear skin and soft, white hands.—Adv.

Some people might fancy they for some reason often had our lives for their work for less money.

A good servant makes a good master.

Plenty of exercise, fresh air, regular hours—is all the prescription you need to avoid influenza unless through neglect or otherwise, a cold gets you. Then take—at once.
