Folks Say

that McHenry-Millhouse Mc Co. makes the best Asphalt Shingles and Asphalt Prepared Roofing in the country. That is why we have just purchased a carload of these materials from this concern.

We have treated thoroughly before we decided to take on their line. Today millions of their shingles and millions of their rolls of their prepared roofings are rendering splendid service and satisfaction. That is why we know that these materials are the very best that money can buy. And that is why we strongly recommend them for your use.

McHenry-Millhouse Asphalt Shingles and Asphalt Prepared Roofings in rolls constitute the most economical of all styles of roofing. This is true of every operation in connection with their use. First cost, application, cost of up-keep and fire retardant qualities. Yet they are so durable and permanently beautiful that they are practical on the most expensive residences and on the smallest cottages and other buildings.

Come in next time you are in town. We want to have a roofing talk with you.
